Independent Auditors' Report

County Commissioners Morrow County Heppner, Oregon

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Morrow County, Oregon, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Morrow County, Oregon, as of June 30, 2016, and the respective changes in financial position, and the respective budgetary comparison for the General Fund and General Road Fund, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the pension information on pages 9-19 and 54-58 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Morrow County, Oregon's basic financial statements. The combining and individual nonmajor fund financial statements and schedules, and other schedules are presented for purposes of additional analysis and are not a required part of the financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

County Commissioners Morrow County Page three

The combining and individual nonmajor fund financial statements, other schedules, and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, The combining and individual nonmajor fund financial statements, other schedules, and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Reports on Other Legal and Regulatory Requirements

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated February 3, 2017, on our consideration of Morrow County, Oregon's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Morrow County, Oregon's internal control over financial reporting and compliance.

Other Reporting Required by Oregon Minimum Standards

In accordance with Minimum Standards for Audits of Oregon Municipal Corporations, we have also issued our report dated February 3, 2017, on our consideration of Morrow County, Oregon's compliance with certain provisions of laws and regulations, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules. The purpose of that report is to describe the scope of our testing of compliance and the results of that testing and not to provide an opinion on compliance.

As management of Morrow County, Oregon, we offer readers of the county's financial statements this narrative overview and analysis of the financial activities for the fiscal year ended June 30, 2016. We encourage readers to consider the information presented here in conjunction with the financial statements.

FINANCIAL HIGHLIGHTS

- Morrow County's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources at June 30, 2016, by \$87,640,261 (Net Position). Of this amount, \$2,989,728 may be used to meet the County's ongoing obligations to citizens and creditors.
- The total net position decreased by \$1,054,113 for fiscal year ended June 30, 2016. Of this amount \$1,054,113 was due to the decrease in governmental activities net position. The County had no business-type activities in fiscal year 2015 due to the dissolution of business-type activities in fiscal year 2008.
- As of the close of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$12,238,012, an increase of \$2,317,533 in comparison to the prior year. Approximately \$6,421,183 is restricted or committed for purposes designated by special revenue or reserve funds, and \$5,816,829 is unassigned and available for spending at the County's discretion.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$5,822,347 or 55 % of total General Fund expenditures.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to Morrow County's basis financial statements. The County's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business. These statements include:

The Statement of Net Position presents information on all of the County's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the County include general government, public safety, highways and streets, cultural and recreation, education, and health.

The government-wide financial statements can be found on pages 21 and 22 of this report.

Fund Financial Statements. The fund financial statements provide more detailed information about the County's funds, focusing on its most significant or "major" fundsnot the county as a whole. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds. The Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near- term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances are reconciled to the government –wide Statements of Net Position and Activities.

The County maintains 44 individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General, and General Road which are considered to be major governmental funds. Data from the remaining governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in the report.

The County adopts an annual appropriated budget for all funds. A budgetary comparison statement has been provided for each fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 23 through 26 of this report.

Proprietary Funds. The County does not maintain any proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County does not have any enterprise funds in fiscal year 2016. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail.

Fiduciary Funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support county programs. The accounting used for fiduciary funds is similar to that used for proprietary funds.

The basic fiduciary fund financial statement can be found on page 30 of this report.

Notes to Basic Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 31 through 53 of this report.

The combining statements referred to earlier in connection with non-major governmental funds are presented as Supplemental Information beginning on page 57 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The County's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$87.6 million at June 30, 2016.

Capital assets, which consist of the county's land, buildings, improvements, machinery and equipment, and infrastructure, less any related debt to acquire those assets that is still outstanding, represent about 86.34 percent of total assets. The remaining assets consist mainly of investments, cash, and grant and property taxes receivable.

The County's liabilities consist primarily of payables on accounts, salaries and benefits (10.13 percent), pension obligations (69.69 percent), and capital leases and a loan payable (20.18 percent). Current liabilities, not including current portions of long-term debts, represents about 10.13 percent of the county's total liabilities, and consists almost entirely of payables on accounts, salaries and benefits.

Morrow County's Net Position

	June 30, 2016	June 30, 2015
Current assets	\$ 13,368	\$ 11,352
Capital assets	84,461	86,247
Total assets	97,829	97,599
Deferred outlflows of resources	3,718	1,556
Current liabilities	1,405	2,031
Long-term debt	12,468	7,201
Total liabilities	13,873	9,232
Deferred inflows of resources	34	1,229
Net position:		
Net investment in captial assets	81,661	84,442
Restricted	2,989	2,718
Unrestricted	2,990	1,534
	\$ 87,640	\$ 88,694

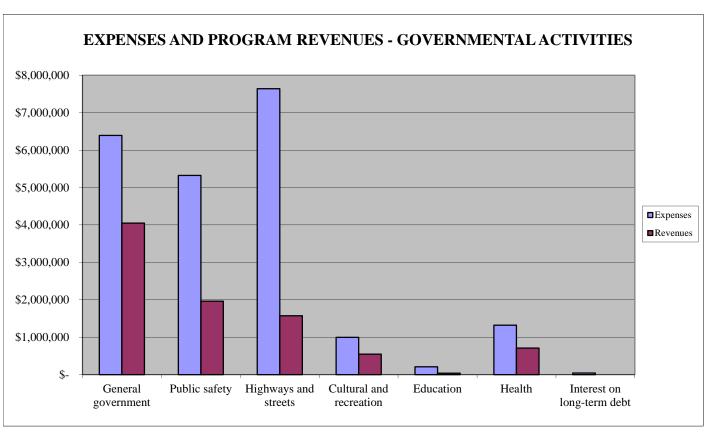

Of the County's net position, its investment in capital assets (e.g. land, buildings, vehicles and equipment, and infrastructure) is substantially more than the related debt still outstanding used to acquire those assets. The County uses these capital assets to provide services to its citizens; consequently, these assets are not available for future spending. Although the county's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources (generally property taxes), since the capital assets themselves cannot be used to liquidate these liabilities. During the current fiscal year, the County's net position decreased by \$1,054,113. This was due to the decrease in net position from Governmental activities. The primary increase to Assets was \$1,696,335 in cash and cash investments. As of June 30, 2016, the total bank balances were \$613,047. Of these deposits, \$500,000, was covered by federal depository insurance. The County saw a decrease in capitals assets, construction in progress of \$2,440,292, as the Bartholomew building was completed and depreciation began. The net result of the transaction regarding capital assets resulted in increasing net position by \$479,684. The County saw an increase in long term debt for the 15-16 fiscal year. The net result of the County's debt transactions was an increase in long term debt of \$995,726. The County entered into a note payable with Community Bank for the construction of the Administration Building in Heppner, Oregon. The balance of the note on June 30, 2016 is \$2,460,530. Other transactions contributing to the decrease in net position included accruing the County's net pension obligation during the fiscal year ended June 30, 2016 of \$3,907,247. The net result of these transactions resulted in a \$1,054,113 net decrease in the county's net position.

Governmental Activities. During the current fiscal year, the County's net position decreased by \$1,054,113, compared to a \$374,671 increase in the prior year.

The following graphs show the County's Governmental Activity revenues by source; and expenses and program revenues by functions.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$12,238,012, an increase of \$2,317,533 in comparison with the prior year. Approximately 47.53% or \$5,816,829 of this total amount constitutes unassigned fund balance, which is available for spending at the government's discretion. \$6,421,183 or 52.47% is restricted or committed to purposes designated by special revenue or reserve funds. The remainder of fund balance is reserved to indicate that it is not available for new spending because it has already been committed for prepaid items which will not provide spendable resources.

The General Fund is the chief operating fund of the County. At the end of the current fiscal year, the total fund balance of the General Fund was \$5,822,347, all of which was unassigned. This indicates a high degree of liquidity of the General Fund.

The fund balance of the County's General Fund increased by \$1,453,556 during the fiscal year ended June 30, 2016. The primary factor in this increase was an unanticipated increase in property tax revenues for 2015 - 2016 due to an enterprise zone tax payer's failure to file for their exemption, resulting in greater assessed taxable value for 15-16. This is likely an anomaly and not an item to be expected in future years. The budgeted decrease for the fund balance in 2016-2017 is \$134,729. This is less of a concern than in years past as the General fund has carried over significantly more fund balance from the previous year than in prior years.

Budgetary Highlights

Differences between the original budget and the final amended budget were primarily due to the mid-year supplemental and specific purpose increases. The changes were made to recognize additional resources available from higher actual beginning fund balances and from new grants and fees received as well as additional resources from property taxes due to an actual assessed value larger than the estimated value used in preparation of the original budget.

The budget increases resulted in increasing appropriations in the following areas:

- The General Fund budget for the Veterans Services Officer was increased by \$1,550 from the receipt of additional property tax revenues.
- The General Fund budget for the District Attorney was increased by \$8,870 from the receipt of additional property tax revenues.
- The General Fund budget for the Juvenile Department was increased by \$6,800 from the receipt of additional property tax revenues.
- The General Fund budget for the Sheriff Department was increased by \$31,581 from the receipt of other miscellaneous.
- The General Fund budget for the Health Department was increased by \$82,315 due to additional grant funds, and other miscellaneous revenues.
- The General Fund budget for the Public Works Administration and General Maintenance Departments was increased in the amount of \$18,635 from the receipt of additional property tax revenue and fees/charges for services.
- The General Fund budget for the Transfer Station-North was increased by \$17,000 due to the receipt of additional fees/charges for services.
- The General Fund budget for the Transfer Station-South was increased by \$20,000 due to the receipt of additional fees/charges for services.
- The General Fund budget for Transfers to Other Funds was increased by \$15,000 due to the receipt of additional payments in lieu of taxes and miscellaneous revenues.
- The General Fund Non Departmental Special Payments budget increased by \$1,350,725 as a result of funds received from Oregon Health Authority passed thru to Community Counseling Solutions for the Intergovernmental Agreement financing of Community Additions and Mental Health. The IGA Agreement #147799 is for the 2015-17 Biennium.
- The Road Fund Road Department budget was increased by \$450,000 from the receipt of additional grant funds and fees.
- The Road Fund Weed Department budget was increased by \$25,944 due to the receipt of additional fees/charges for services.
- The Airport Fund Materials & Services Budget was increased by \$15,000 due to the receipt of additional fees/charges for services.
- The CAMI Grant Fund Materials & Services budget increased by \$68,247 as a result of a turnover of unspent funds.
- The STF Fund was increased by \$63,500 as a result of grants in excess of State STF Funds.
- Park Fund budget was increased by \$193,450 as a result of increased grant funds and fee revenues received.
- The Justice Court Bails & Fines Fund budget was increased by \$10,440 due to larger than anticipated carryover of beginning fund balance from the prior year
- The Community Corrections Fund budget was increased by \$28,950 as a result of increased grant funds and fee revenues received.

Capital Projects and Debt Administration

Capital Assets. The County's investment in capital assets for its governmental activities as of June 30, 2016, amounts to \$84,461,207 (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, machinery and equipment, roads and bridges, vehicles, and campsites and trails.

Major capital asset purchases during the current fiscal year were made by the General Fund, 911 Fund, Road Fund, Airport Fund, and Park Fund which included the following:

- Sheriff Department vehicles of \$232,269
- Public Works Ford F550 \$15,000
- North Transfer Station WIP Scale \$3,500
- General County Vehicles \$116,748
- Timekeeping Software \$3,350
- Courthouse Improvements/Upgrades \$70,039
- Road Bridges \$123,806
- Road 5000 gallon tank \$4,088
- 911 Dispatch Furniture \$75,723
- 911 Dispatch IP Logging Equipment \$71,622
- Fair Bleachers \$17,989
- Computer Server \$12,269
- STF Vehicles \$70,572
- Heppner Administrative Building completed 11/2015 \$1,341,542

Additional information on the County's capital assets can be found in note 4 on page 41 of this report.

Long-term debt. At the end of the current fiscal year, the County had total debt outstanding of \$2,800,178. This was in the form of long-term capital lease obligations, and a construction loan for the new Heppner Administrative Building. The County's total long-term debt increased by \$995,726 during the current fiscal year.

Additional information on the County's long-term debt can be found in note 5 on page 42 of this report.

Key Economic Factors and Budget Information

• Morrow County has experienced significant industrial development over the last several years, with food processing and data centers in the Port of Morrow and large wind power projects throughout the County. Most of these projects involve some sort of property tax exemption, like SIP (Strategic Investment Program) which is a 15 year exemption or EZ (Enterprise Zone) which can be a 3 year to 15 year exemption. These programs have resulted in an exempt value of around one billion dollars for the County.

These projects have created several hundred jobs for the County but unfortunately the residential and commercial development has not increased as much. The Columbia River Enterprise Zone Board has been recently working the communities of Morrow County to try and develop a strategy to entice more residential and commercial development. PGE is expected to close the Boardman Coal Plant in 2020, but the Carty I plant went live on July 28, 2016: SIP funds will be received in 2017-18 in the amount of \$2,075,211. The new gas plant has a 15 year SIP exemption.

- The overall grant revenue outlook is relatively flat or slightly decreased due to state budget uncertainty and the overall economy. The County lost the Healthy Start Grant as of December 31, 2016; annual total \$56,950.
- The 2016-2017 fiscal year the County will see the fourth significant payment of Strategic Investment Program (SIP) monies from the Caithness/Shepherds Flat Wind Project. The 2016-2017 budget includes an estimated receipt of \$1,308,800 for this payment which will be used to fund some capital projects within the County.
- It is anticipated that the costs of providing cost of living wage increases to be 2.75%, and medical & dental insurance coverage to employees will continue to rise, by approximately 8-10% in the next fiscal year.
- The County's Retirement Plan must continue to be "equal to or better" than the PERS plan to remain in effect. The Plan was tested in 2009-2010 and passed the "equal to or better" standard. Retirement Plan contributions by the County will be at 24.8% for the 2016-2017 fiscal year. The contribution rate for 2017-2018 may increase slightly to mitigate Net Pension Liability.
- Road funding continues to be a concern for Morrow County. In an effort to continue to provide the Road Department with sufficient funds and cover general operation of the department, the 2015-2016 budget included several transfers to the Road Fund of unrestricted, non-property tax monies. The 2015-2016 budget included a transfer of \$1,455,000 from the Finley Buttes License Fee Fund, a transfer of \$612,000 of Strategic Investment Program (SIP) monies from the Shepherds Flat Fees Fund and a transfer of \$775,000 of other non-property tax unrestricted monies from the General Fund. The transfers for 2016-17 budget will probably remain at or near the same.

All of these factors were considered in preparing the County's budget for fiscal year 2016-2017. During the current fiscal year, unassigned fund balance in the General Fund increased to \$5,822,347.

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlay as expenditures. However in the statement of activities, the cost of those assets is depreciated over their estimated useful lives. When capital assets are disposed of the difference between original cost and depreciation and the proceeds are booked as a gain or (loss) on the sale. This entry takes into account the difference in how capital costs are treated between the Statement of Activities and the governmental fund statements.

Expenditures for capital assets	\$ 2,291,477

The issuance of long-term debt (e.g. notes payable, capital leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.

Notes to Basic Financial Statements June 30, 2016

NOTE 1 -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Morrow County was organized February 16, 1885 under the Statutory Provisions of Oregon Law. Administration of the County is vested in an elected county court consisting of a county judge and two commissioners.

The financial statements of Morrow County, Oregon include the accounts of all County operations and have been prepared in conformity with generally accepted accounting policies as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the County's accounting policies are described below.

Reporting Entity:

A component unit is a separate legal organization for which the County is considered to be financially accountable. The County has determined that no other organization meets the criteria to be included as a component unit in the County's financial statements.

Government-wide and fund financial statements:

The government-wide financial statements (the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the County. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The County had no business-type activities for the year ended June 30, 2016.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported in separate columns with composite columns for non-major funds.

NOTE 1 -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Measurement focus, basis of accounting, and financial statement presentation:

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest of long-term debt are recorded as fund liabilities when payment is due.

Those revenues susceptible to accrual are property taxes, special assessments, intergovernmental revenue, licenses, interest revenue, and charges for services. All other revenue items are considered to be measurable and available only when cash is received by the County.

The County reports deferred revenue on its balance sheet. Deferred revenues arise when a potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Deferred revenues also arise when resources are received by the government before it has a legal claim to them. In subsequent periods, when other revenue recognition criteria are met, or when the County has legal claim to the resources, the liability for deferred revenue is removed from the balance sheet and revenue is recognized.

The County reports the following major governmental funds:

- The General Fund is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- The General Road Fund accounts for revenues and expenditures association with the improvement and maintenance of the County's road infrastructure.

Notes to Basic Financial Statements <u>June 30, 2016</u>

NOTE 1 -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Additionally, the County reports the following fund types:

Special Revenue Funds are primarily operating funds that account for revenue derived from specific taxes or other revenue sources, which are legally restricted to finance particular functions or activities. When a special revenue fund is not an operating fund, transfers are made from the special revenue fund to the operating funds authorized to make expenditures.

Capital Project Funds account for expenditures on major construction projects or equipment acquisition.

Fiduciary Funds account for assets held by the County for other governmental units. These funds are custodial in nature (assets equal liabilities) and do not measure the results of operations.

Assets, liabilities, and net position or equity:

Cash and investments:

Cash includes demand deposits, short-term cash investments, and deposits in the Oregon Local Government Investment Pool (LGIP). The County Treasurer combines each fund's cash in a cash pool which is accounted for monthly.

Oregon Revised Statutes authorize counties to invest in obligations of the U.S. Treasury, agencies and instrumentalities of the United States, bankers acceptances guaranteed by a qualified financial institution, repurchase agreements, interest bearing bonds of any city, county, or port, among others.

The Oregon Short Term Fund (OSTF) is the LGIP for local governments and was established by the State Treasurer. OSTF investments are regulated by the Oregon Short Term Fund Board and approved by the Oregon Investment Council (ORS 294.805 to 294.895). The fair value of the District's position in the pool is the same as the value of its pool shares. Investments are stated at market value. Level 1 inputs are quoted prices (unadjusted) for identical assets or liabilities in active markets that a government can access at the measurement date. All of the County's investments are Level 1 assets.

Inventories:

The County does not have any significant inventories. Inventory items are recorded as expenditures when purchased.

Notes to Basic Financial Statements June 30, 2016

NOTE 1 -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Receivables and payables:

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" or "due to other funds". Property tax receivables are deemed to be substantially collectible or recoverable through foreclosure. Accordingly, no allowance for doubtful tax accounts is deemed necessary. All other receivables are shown net of an allowance for uncollectible accounts.

Morrow County assesses, collects, and distributes property taxes for all local governments within the County. Property taxes are billed in October of each year. Unpaid personal and real property taxes become liens against the property on July 1. Property taxes are payable in three installments due November 15, February 15, and May 15. A 3% discount is allowed for full payment by November 15. Interest at 16% annually is charged for late payments.

Capital assets and long-term liabilities:

The County capitalized assets purchased or constructed with an individual cost of more than \$1,000 and an estimated useful life in excess of one year. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated fixed assets are valued at their estimated fair values on the date donated.

Capital assets are comprehensively reported in the governmental-wide financial statements. Capital assets are depreciated using the straight-line method. Maintenance and repairs are charged to expenditures in various budgetary funds as incurred and are not capitalized. Upon disposal, the cost and applicable accumulated depreciation are removed from the respective account, and the resulting gain or loss is recorded in operations.

The estimated useful lives for depreciable assets are as follows:

Street system 40-50 years
Buildings and improvements 15-40 years
Machinery and equipment 4-20 years
Automobiles and trucks 4-6 years

Long-term debt and other long-term obligations are reported as liabilities in the government-wide financial statements.

Notes to Basic Financial Statements <u>June 30, 2016</u>

NOTE 1 -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Compensated absences:

It is the County's policy to permit employees to accumulate earned but unused vacation benefits. All vacation pay is accrued when incurred in the government-wide statements.

Income taxes:

The County is a municipal corporation exempt from federal and state income taxes.

Fund balance:

In the fund financial statements, the fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

Fund balance is reported as nonspendable when the resources cannot be spent because they are either in a nonspendable form or legally or contractually required to be maintained intact. Nonspendable items are not expected to be converted to cash and include inventories and prepaid amounts.

Fund balance is reported as restricted when the constraints placed on the use of resources are either: (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Fund balance is reported as committed when the County Court passes a resolution that places specific constraints on how the resources may be used. The County Court can modify or rescind the resolution at any time through passage of an additional resolution.

Fund balance is reported as assigned when resources are constrained by the government's intent to use them for a specific purpose, but are neither restricted nor committed. Intent is expressed when the County Court approves which resources should be assigned to expenditure for particular purposes during the adoption of the annual budget. The County's Finance Director uses that information to determine whether those resources should be classified as assigned or unassigned for presentation in the County's financial statements.

Unassigned fund balance is the residual classification for the General Fund. This classification represents fund balance that has not been restricted, committed, or assigned.

Notes to Basic Financial Statements <u>June 30, 2016</u>

NOTE 1 -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

When the option is available to use restricted or unrestricted resources for any purpose, the County expends restricted resources first. When the option is available to use committed, assigned, or unassigned resources for any purpose, the County expends committed recourses before assigned resources, and assigned resources before unassigned resources.

Fund balances by classification for the year ended June 30, 2016 were as follows:

Of the amount restricted for highways and streets, \$1,208,335 is restricted by enabling legislation.

Use of estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes to Basic Financial Statements <u>June 30, 2016</u>

NOTE 2 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY:

Budget procedures:

A budget is prepared for each fund in accordance with the modified accrual basis of accounting and legal requirements set forth in the Oregon Local Budget Law. Budget amounts shown in the financial statements include the original and supplemental budget amounts and all appropriation transfers approved by the County Commissioners.

The budget for the General Fund includes capital outlay expenditures in each program for capital outlay applicable to that program. Capital outlay expenditures in other funds, which are not a part of an identifiable program, are reported separately.

The County uses the following procedures in establishing the budgetary data reflected in the financial statements:

- 1. The appointed budget officer develops a proposed budget for submission to the budget committee appointed by the County Commissioners. The operating budget includes proposed expenditures and the means for financing them for the upcoming year, along with estimates for the current year and actual data for the two preceding years.
- 2. After the proposed budget is prepared, the budget officer publishes a "Notice of Budget Committee Meeting" in at least one newspaper of general circulation. At the budget committee meeting, the budget message is delivered explaining the proposed budget and any significant changes in the County's financial position. The budget committee meets thereafter as many times as necessary until the budget document is completed.
- 3. After approval by the budget committee and the required public hearing, and prior to July 1, the budget is adopted by the County Commissioners, and appropriations are enacted by resolution. Appropriations control expenditures in broad categories as required by Oregon Local Budget Law. More detailed classifications of budgeted expenditures are adopted for administrative control purposes. Budget appropriations lapse at year end.
- 4. Management is not allowed to modify the budget without action by the governing body. The governing body is authorized to modify the original budget appropriation ordinance in the following ways:
 - a. Transfer of budget appropriations within a fund are authorized by resolution of the governing body.
 - b. Budget revisions that increase total expenditures in any fund require a supplemental budget to be adopted. If a supplemental budget increases a fund's expenditures by less than 10%, the County can adopt the adoption resolution at a regularly scheduled meeting. If a supplemental budget increases a fund's expenditures by more than 10%, the County can adopt it by publishing a notice five to thirty days before a meeting is held to pass the adoption resolution.

Notes to Basic Financial Statements June 30, 2016

NOTE 2 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (continued):

Two supplemental budgets were adopted during the year ended June 30, 2016; total appropriations increased by \$3,205,391.

5. The following funds legally adopt annual budgets:

General fund, all special revenue funds, and all capital project funds.

- 6. The agency funds do not adopt annual budgets. These funds are not used to expend funds for County activities or functions.
- 7. Expenditures may not legally exceed budget appropriations at the departmental level of control in most funds. Appropriations are made at various legal levels of control for each fund.
- 8. For budget preparation, capital lease proceeds and related capital outlay expenditures are recorded when the capital lease payments are disbursed.

Budget overexpenditures:

Oregon state local budget laws prohibit overexpenditure of budgeted appropriations. For the year ended June 30, 2016, the County overexpended the budget of the following funds:

Video Lottery Economic Development	Materials and Services	\$ (1,155)
Victim-Witness Assistance	Personal Services	\$ (1,435)
Justice Court Bail and Fine	Fine Turnover	\$ (9,369)
Community Corrections	Personal Services	\$ (5,311)

Fund deficit:

The following funds had a budgetary basis deficit fund balance as of June 30, 2016:

Airport Fund	\$ (4,159)
Victim-Witness Assistance	\$ (7,485)

Notes to Basic Financial Statements <u>June 30, 2016</u>

NOTE 3 – CASH AND INVESTMENTS:

The County maintains a cash management pool for its cash and cash equivalents in which each fund participates. Interest earnings are distributed monthly based on average daily balances.

Custodial Credit Risk - Deposits

In the case of deposits, this is the risk that in the event of bank failure, the County's deposits may not be returned. ORS Chapter 295 governs the collateralization of Oregon public funds and provides the statutory requirements for the Public Funds Collateralization Program. The Public Funds Collateralization Program was created by the Office of the State Treasurer to facilitate bank depository, custodian, and public official compliance with ORS 295. ORS 295 requires the depository institutions to pledge collateral against any public funds deposits in excess of deposit insurance amounts. As of June 30, 2016, the total bank balances were \$613,047. Of these deposits, \$500,000, was covered by federal depository insurance. The County keeps its deposits at financial institutions deemed to be qualified depositories by the Office of the State Treasurer.

Notes to Basic Financial Statements <u>June 30, 2016</u>

NOTE 3 – CASH AND INVESTMENTS (continued):

Credit Risk - Investments

State statutes authorize the County to invest in general obligations of the US Government and its agencies, certain bonded obligations of Oregon municipalities, bank repurchase agreements, bankers' acceptances, certain commercial papers and the State Treasurer's investment pool, among others. The County has no formal investment policy that further restricts its investment choices.

The State of Oregon Local Government Investment Pool (LGIP or Pool) is not registered with the U.S. Securities and Exchange Commission as an investment company. The Oregon Revised Statutes and the Oregon Investment Council govern the Pool's investment policies. The State Treasurer is the investment officer for the Pool and is responsible for all funds in the Pool. These funds must be invested and the investments managed, as a prudent investor would, exercising reasonable care, skill and caution. Investments in the fund are further governed by portfolio guidelines issued by the Oregon Short-Term Funds Board, which established diversification percentages and specify the types and maturities of investments. The LGIP's credit risk is not rated by any national rating service. The Oregon Audits Division of the Secretary of State's Office audits the Pool annually.

Concentration Risk - Investments

The County has concentrations in the following investments: Local Government Investment Pool comprises 100% of the County's total investments.

Interest Rate Risk - Investments

The County does not have a formal investment policy that explicitly limits investments maturities as means of managing its exposure to fair value loss arising from increasing interest rates.

Custodial Credit Risk - Investments

The Local Government Investment Pool is not subject to custodial credit risk because it is not evidenced by securities that exist in physical or book entry form as defined by GASB Statement No. 3.

NOTE 9 -- CONTINGENT LIABILITY, GRANTS:

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the County expects such amounts, if any, to be immaterial.

NOTE 10 -- RECEIVABLES

The County lends money to businesses in Morrow County for economic development. The Equity Fund is used for this purpose. On June 30, 2016, loans receivable and corresponding interest of \$517,528 were outstanding. This balance is not expected to be collected with in one year.

The County expects to collect all receivables, no allowance is deemed necessary. Other Receivables at June 30, 2016 are as follows:

			Other	
Receivable	 General	General Road	 Govern- mental	 Total

NOTE 11 -- DEFERRED COMPENSATION PLAN:

The County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

All amounts of compensation deferred, all property and rights purchased, and all income, property, or rights are, until paid or made available to the employee or other beneficiary, held by a third-party administrator for the exclusive benefit of the participants and their beneficiaries. The deferred compensation investments are not included in the County's financial statements.

Notes to Basic Financial Statements <u>June 30, 2016</u>

NOTE 12 -- LITIGATION:

The County is the defendant in various pending claims. These matters have been referred to legal counsel and the County's insurance carriers. The County administration expects any losses to be covered by insurance. County management does not expect uninsured losses and defense costs to materially affect the financial statements.

NOTE 13 -- SUBSEQUENT TAX REVENUES:

The 2016-2017 budget was adopted anticipating property tax revenues at a rate of \$4.1347 per \$1,000 of assessed value for operations. Budgeted property tax revenues, after discount and adjustments, are as follows:

		Budgeted		
	P	Property tax		
		Revenue		
General fund	\$	8,074,217		
County school fund		24,713		
Ione school fund		2,406		
Fair fund		67,203		
	\$	8,168,539		

After an allowance for expected delinquent tax payments, the County expects to collect at least the amount of property taxes budgeted for 2016-2017.

NOTE 14 -- TAXES:

County governmental funds received the following tax revenues:

Property taxes	\$ 7,892,797
Fuel tax apportionment	911,932
Payments in lieu of taxes	1,422,254
Other taxes	117,606
	\$ 10,344,589

NOTE 16 -- FINLEY BUTTES LANDFILL:

A private company operates the Finley Buttes Landfill in Morrow County. The County receives licensing fees from the landfill operator. During the year ended June 30, 2016, Morrow County received the following fees from the landfill operator:

Finley Buttes road fund	\$ 329,277
Finley Buttes license fee fund	1,281,438
	\$ 1,610,715

The Finley Buttes License Fee fund portion of the landfill fees are available for general county government.

The Finley Buttes Road fund portion of the fees will be used to maintain the Bombing Range road.

The agency fund portion of landfill fees is dedicated to future landfill closing costs. The landfill operator and the landfill owners are responsible for future landfill closure costs. Morrow County is obligated for future closure costs only to the extent of funds available in the agency fund. At June 30, 2016, the balance of funds in the landfill closure agency fund was \$1,170,333.

NOTE 17 -- DEFINED BENEFIT PENSION PLAN:

A. Plan Description:

The County's defined benefit pension plan, Retirement Plan for Employees of Morrow County, Oregon (Plan), provides retirement and disability benefits to employees of the County. The Plan is a single-employer group annuity contract. Morrow County created the Morrow County Trust Fund, the purpose of which is to hold the Plan's assets. The trustees are the Morrow County Court. A copy of the Plan's most recent actuarial report (July 1, 2015) can be obtained from officials at the Morrow County Courthouse in Heppner, Oregon. The plan was established on July 1, 1966, and was last restated effective July 1, 2015.

The Plan covers full time employees as well as part-time employees and elected officials working more than twenty hours per week. The employees contribute 6.0% of their base earnings. For income tax reporting by employees, the County treats the employee contribution as a pre-tax contribution, as allowed by the Internal Revenue Code.

Employees who retire at or after age fifty-five for uniformed employees and sixty for non-uniformed employees with five years of credited service are entitled to a retirement benefit, payable monthly for life, equal to a percentage of their final average salary for each year of credited service on or after July 1, 1973 but prior to the normal retirement date. The percentages are as follows:

- (a) 2.4% for members hired by the County after December 31, 1994 who are not sheriff office employees.
- (b) 3.0% for all other employees.

Final average salary is the employee's highest average monthly salary of three consecutive years during the last ten years of employment. The benefits are adjusted annually for cost of living adjustment under a formula which has a maximum annual increase of two percent. Benefits fully vest on reaching five years of service. Vested employees may retire at or after age fifty-five and receive reduced retirement benefits. The plan also provides death and disability, and post-retirement medical supplement benefits. The plan also provides for an early retirement incentive benefit for eligible employees.

B. Funding Policy and Net Pension Liability:

County employees are required to contribute 6% of their annual covered salary. The County uses actuarial reports to determine the recommended pension contribution percentages. For the fiscal year ended June 30, 2016, the recommended rate was 19.4% of covered payroll. The County contributed 19.4% of covered payroll for the fiscal year ended June 30, 2016. On July 1, 2016 the recommended rate increased to 24.5% of covered payroll for fiscal year ended June 30, 2017.

The components of the net pension liability of the Plan were as follows:

	June 30, 2014	June 30, 2015
Total pension liability	\$25,194,987	\$29,588,001
Plan fiduciary net position	19,434,147	19,919,914
Net pension liability	\$ 5,760,840	\$ 9,668,087
Fiduciary net position as a % of total pension liability	77.13%	67.32%
Covered payroll	\$ 4,800,421	\$ 4,959,599
Net pension liability as a % of covered payroll	120.01%	194.94%

C. Actuarial Methods and Assumptions:

Significant actuarial assumptions used in the valuation include a rate of return on the investment of present and future assets of 7.0%, an annual cost of living increase of 2.0%, and annual salary increase ranging from 7.5% percent in the first year of service, 6.25% in years 2-4, 4.75% in years 5-9, and 3.75% after 9 years of service. Mortality rates were based on the RP2000 blended 25% blue collar/75% white collar, set back 12 months for males.

NOTE 20 -- RISK MANAGEMENT:

The county is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past three years. There were no significant reductions in insurance coverage in the prior year.

NOTE 21 -- RELATED PARTY TRANSACTION:

The County has three loans outstanding to Morrow County Health District from the Equity Fund with a combined total balance of \$212,517. The Equity Fund was set up to account for funds the County received in a prior year to be used for economic development loans to entities inside the County. Leann Rea, a County Commissioner is also on the 5 person board of directors of Morrow County Health District.

Money - Weighted Rate of Return

Fiscal Year Ending June 30, 2015

The money-weighted rate of return is the internal rate of return on plan assets based on the amounts and timing of actual cash flows. External cash flows (contributions, benefit payments and administrative expenses) are determined on a monthly basis and are assumed to occur at the middle of each month. External cash inflows are netted with external cash outflows, resulting in a net external cash flow in each month. The money-weighted rate of return is calculated net of investment expenses.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

County Commissioners Morrow County Heppner, Oregon

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Morrow County, Oregon, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise Morrow County, Oregon's basic financial statements and have issued our report thereon dated February 3, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Morrow County, Oregon's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Morrow County, Oregon's internal control. Accordingly, we do not express an opinion on the effectiveness of Morrow County, Oregon's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charges with governance.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Morrow County, Oregon's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purposes.

INDEPENDENT AUDITOR'S REPORT REQUIRED BY OREGON STATE REGULATIONS

County Commissioners Morrow County Heppner, Oregon

We have audited the basic financial statements of Morrow County, Oregon as of and for the year ended June 30, 2016, and have issued our report thereon dated February 3, 2017. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether Morrow County, Oregon's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the Minimum Standards for Audits of Oregon Municipal Corporations, noncompliance with which could have a direct and material effect on the determination of financial statements amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

We performed procedures to the extent we considered necessary to address the required comments and disclosures which included, but were not limited to the following:

- Deposit of public funds with financial institutions (ORS Chapter 295).
- Indebtedness limitations, restrictions and repayment.
- Budgets legally required (ORS Chapter 294).
- Insurance and fidelity bonds in force or required by law.
- Programs funded from outside sources.
- Highway revenues used for public highways, roads, and streets.
- Authorized investment of surplus funds (ORS Chapter 294).
- Public contracts and purchasing (ORS Chapters 279A, 279B, 279C).

County Commissioners Morrow County Page two

In connection with our testing nothing came to our attention that caused us to believe the Morrow County, Oregon was not in substantial compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the Minimum Standards for Audits of Oregon Municipal Corporations, except for the budget overexpeditures listed in Note 2 to the financial statements.

OAR 162-10-0230 Internal Control

In planning and performing our audit, we considered Morrow County, Oregon's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Morrow County, Oregon's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Morrow County, Oregon's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

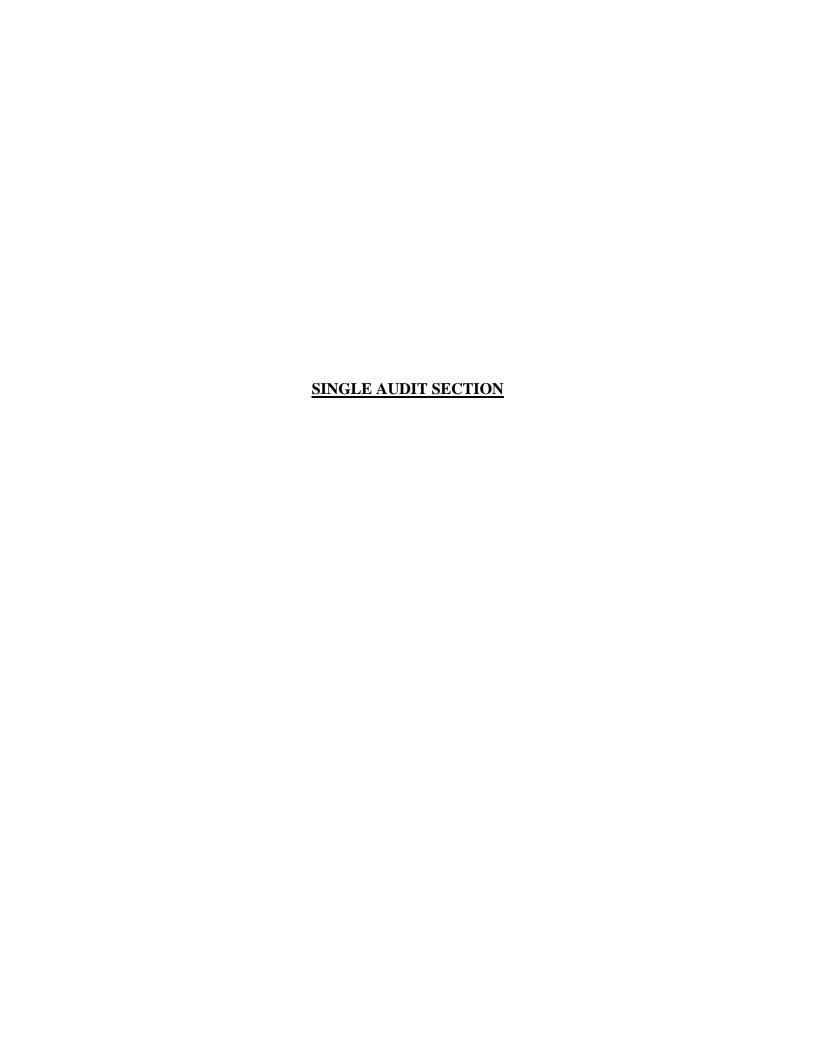

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the County Commissioners, and the Oregon Secretary of State and is not intended to be and should not be used by anyone other than these specified parties.

Notes to Schedule of Expenditures of Federal Awards Year Ended June 30, 2016

NOTE A - BASIS OF PRESENTATION:

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of Morrow County, Oregon and is presented on the modified accrual basis of accounting as described in note 1 to the basic financial statements. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the schedule presents only a selected portion of the operations of Morrow County, Oregon, it is not intended to and does not present the financial position, changes in net position, or cash flows of Morrow County. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE B -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Expenditures reported on the on the Schedule are reported on the basis of accounting described in Note 1 to the financial statements. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

The County has not elected to use the 10% percent de minimis indirect cost rate as allowed under the Uniform Guidance.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

County Commissioners Morrow County Heppner, Oregon

Report on Compliance for Each Major Federal Program

We have audited Morrow County, Oregon's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Morrow County, Oregon's major federal programs for the year ended June 30, 2016. Morrow County, Oregon's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Morrow County, Oregon's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Morrow County, Oregon's compliance with those requirements and performing such other procedures as we considered necessary in the

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Morrow County, Oregon's compliance.

Opinion on Each Major Federal Program

In our opinion, Morrow County, Oregon, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2016.

County Commissioners Morrow County, Oregon Page two

Report on Internal Control Over Compliance

Management of Morrow County, Oregon, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Morrow County, Oregon's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Morrow County, Oregon's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
