Currently, Senators and Representatives may be "punished" or, by the concurrence of two-thirds of the Senator's or Representative's chamber, "expelled" for "disorderly behavior," but law does not define "disorderly behavior." Additionally, absent legislators may be "compelled" to attend legislative floor sessions, but current law does not specify consequences for unexcused absences. Measure specifies that "disorderly behavior" includes legislator's failure to attend ten or more legislative floor sessions during a regular or special legislative session without permission or excuse. Under measure, legislator who engages in "disorderly behavior" through unexcused absences is disqualified from serving as a Senator or Representative for the term following the end of the legislator's current term.</p> <p>Estimate of Financial Impact: This measure will have no financial effect on either state or local government expenditures or revenues.</p> <p><input type="radio"/> Yes <input type="radio"/> No</p>	<p>25-88 Requires Board of Commissioner meetings regarding relocation of state border.</p> <p>Question: Shall the Board of Commissioners be required to meet three times annually to discuss relocation of the state border?</p> <p>Summary: If passed, the petition requires the Morrow County Board of Commissioners to meet three times per year to discuss how to promote the interests of Morrow County in any negotiations regarding the relocation of the Oregon-Idaho state border. Cost estimates related to the measure were received from state and local government. However, there is uncertainty in the assumptions regarding the estimates made, including the projections of the number of permit applications, the revenue associated with those permits and other related costs. There is also uncertainty in potential cost savings to state and local government expenditures due to an expected decrease in firearm related injuries and death. State Measures

Referred to the People by the Legislative Assembly

111 Amends Constitution: State must ensure affordable healthcare access, balanced against requirement to fund schools, other essential services

Result of "Yes" Vote: "Yes" vote requires state to ensure affordable healthcare access. State must balance healthcare funding against funding for schools, other essential services; courts must respect balance.

Result of "No" Vote: "No" vote retains current law. The constitution does not require the state to ensure access to affordable health care; state provides some healthcare access.

Summary: Amends Constitution. Current state law outlines the general requirements for health insurance policies and provides health care for low income and disabled residents who meet eligibility requirements. Amends the Oregon Constitution to establish health care as a fundamental right; obligates the state to provide Oregon residents "access to cost-effective, clinically appropriate and affordable health care." Amendment requires the state to balance that obligation against the public interest in funding public schools and other essential public services. If the state is sued to enforce the amendment, the court may not order a remedy that interferes with the state's requirement to balance healthcare funding against funding for public schools and other essential public services.

Estimate of Financial Impact: The financial impact to state and local expenditure and revenue is indeterminate. The measure does not require additional state government revenues or expenditures. The impact of the measure will depend on future legislative action to establish additional health benefits and determine how they will be paid for.

112 Amends Constitution: Removes language allowing slavery and involuntary servitude as punishment for crime

Result of "Yes" Vote: "Yes" vote amends constitution to remove language allowing slavery and involuntary servitude as punishment for crime; allows programs to be ordered as part of sentencing.

Result of "No" Vote: "No" vote retains current language that generally prohibits slavery and involuntary servitude but allows slavery and involuntary servitude as punishment for crime.

Summary: Amends Constitution. Article I, section 34 of the Oregon Constitution currently prohibits slavery and involuntary servitude but allows an exception to that prohibition as a punishment for crime. Measure removes language that allows slavery and involuntary servitude as a punishment for crime. Under measure, a court or probation or parole agency is allowed to order a person convicted of a crime to engage in education, counseling, treatment, community service, or other alternatives to incarceration, as part of sentencing for the crime. Ordered programs must be in line with programs that historically, or in the future, have been in place to provide for accountability, reformation, protection of society, or rehabilitation. Effect on current constitutional provisions requiring inmate work programs unclear.

Estimate of Financial Impact: The financial impact to state and local expenditures and revenues is indeterminate. The measure removes language allowing slavery and involuntary servitude as a punishment for a crime. The measure does not require additional state government revenues or expenditures however the impact of the measure will depend on potential legal action or changes to inmate work programs.

State Measures

Referred to the People by the Legislative Assembly

111 Amends Constitution: State must ensure affordable healthcare access, balanced against requirement to fund schools, other essential services

Result of "Yes" Vote: "Yes" vote requires state to ensure affordable healthcare access. State must balance healthcare funding against funding for schools, other essential services; courts must respect balance.

Result of "No" Vote: "No" vote retains current law. The constitution does not require the state to ensure access to affordable health care; state provides some healthcare access.

Summary: Amends Constitution. Current state law outlines the general requirements for health insurance policies and provides health care for low income and disabled residents who meet eligibility requirements. Amends the Oregon Constitution to establish health care as a fundamental right; obligates the state to provide Oregon residents "access to cost-effective, clinically appropriate and affordable health care." Amendment requires the state to balance that obligation against the public interest in funding public schools and other essential public services. If the state is sued to enforce the amendment, the court may not order a remedy that interferes with the state's requirement to balance healthcare funding against funding for public schools and other essential public services.

Estimate of Financial Impact: The financial impact to state and local expenditure and revenue is indeterminate. The measure does not require additional state government revenues or expenditures. The impact of the measure will depend on future legislative action to establish additional health benefits and determine how they will be paid for.

112 Amends Constitution: Removes language allowing slavery and involuntary servitude as punishment for crime

Result of "Yes" Vote: "Yes" vote amends constitution to remove language allowing slavery and involuntary servitude as punishment for crime; allows programs to be ordered as part of sentencing.

Result of "No" Vote: "No" vote retains current language that generally prohibits slavery and involuntary servitude but allows slavery and involuntary servitude as punishment for crime.

Summary: Amends Constitution. Article I, section 34 of the Oregon Constitution currently prohibits slavery and involuntary servitude but allows an exception to that prohibition as a punishment for crime. Measure removes language that allows slavery and involuntary servitude as a punishment for crime. Under measure, a court or probation or parole agency is allowed to order a person convicted of a crime to engage in education, counseling, treatment, community service, or other alternatives to incarceration, as part of sentencing for the crime. Ordered programs must be in line with programs that historically, or in the future, have been in place to provide for accountability, reformation, protection of society, or rehabilitation. Effect on current constitutional provisions requiring inmate work programs unclear.

Estimate of Financial Impact: The financial impact to state and local expenditures and revenues is indeterminate. The measure removes language allowing slavery and involuntary servitude as a punishment for a crime. The measure does not require additional state government revenues or expenditures however the impact of the measure will depend on potential legal action or changes to inmate work programs.

<p>Referred to the People by the Legislative Assembly</p> <p>112 Amends Constitution: Removes language allowing slavery and involuntary servitude as punishment for crime</p> <p>Result of "Yes" Vote: "Yes" vote amends constitution to remove language allowing slavery and involuntary servitude as punishment for crime; allows programs to be ordered as part of sentencing.</p> <p>Result of "No" Vote: "No" vote retains current language that generally prohibits slavery and involuntary servitude but allows slavery and involuntary servitude as punishment for crime.</p> <p>Summary: Amends Constitution. Article I, section 34 of the Oregon Constitution currently prohibits slavery and involuntary servitude but allows an exception to that prohibition as a punishment for crime. Measure removes language that allows slavery and involuntary servitude as a punishment for crime. Under measure, a court or probation or parole agency is allowed to order a person convicted of a crime to engage in education, counseling, treatment, community service, or other alternatives to incarceration, as part of sentencing for the crime. Ordered programs must be in line with programs that historically, or in the future, have been in place to provide for accountability, reformation, protection of society, or rehabilitation. Effect on current constitutional provisions requiring inmate work programs unclear.</p> <p>Estimate of Financial Impact: The financial impact to state and local expenditures and revenues is indeterminate. The measure removes language allowing slavery and involuntary servitude as a punishment for a crime. The measure does not require additional state government revenues or expenditures however the impact of the measure will depend on potential legal action or changes to inmate work programs.</p> <p><input type="radio"/> Yes <input type="radio"/> No</p>	<p>Proposed by Initiative Petition</p> <p>114 Requires permit to acquire firearms; police maintain permit/firearm database; criminally prohibits certain ammunition magazines</p> <p>Result of "Yes" Vote: "Yes" vote requires background check, safety training, fee for permit to acquire firearms; state police maintain new permit/ firearm database; criminally prohibits certain magazines; exceptions.</p> <p>Result of "No" Vote: "No" vote retains current law: seller/ transferor must request criminal background check; permit, safety course not required; no magazine capacity restrictions.</p> <p>Summary: Oregon law currently allows persons over age 18 to acquire firearms (federal law requires age 21 for some handgun purchases), seller/ transferor must request criminal background check. <p>Proposed by Initiative Petition</p> <p>113 Amends Constitution: Legislators with ten unexcused absences from floor sessions disqualified from holding next term of office</p> <p>Result of "Yes" Vote: "Yes" vote disqualifies legislators with ten unexcused absences from legislative floor sessions from holding office as legislator for term following current term of office.</p> <p>Result of "No" Vote: "No" vote retains existing law. Absent legislators may be punished by legislative chamber (potentially expelled by supermajority); present legislators have legal authority to compel attendance.</p> <p>Summary: Amends Oregon Constitution to add language prescribing consequences for unexcused absences by legislators from floor sessions. Currently, Senators and Representatives may be "punished" or, by the concurrence of two-thirds of the Senator's or Representative's chamber, "expelled" for "disorderly behavior," but law does not define "disorderly behavior." Additionally, absent legislators may be "compelled" to attend legislative floor sessions, but current law does not specify consequences for unexcused absences. Measure specifies that "disorderly behavior" includes legislator's failure to attend ten or more legislative floor sessions during a regular or special legislative session without permission or excuse. Article I, section 34 of the Oregon Constitution currently prohibits slavery and involuntary servitude but allows an exception to that prohibition as a punishment for crime. Measure removes language that allows slavery and involuntary servitude as a punishment for crime. Under measure, a court or probation or parole agency is allowed to order a person convicted of a crime to engage in education, counseling, treatment, community service, or other alternatives to incarceration, as part of sentencing for the crime. Ordered programs must be in line with programs that historically, or in the future, have been in place to provide for accountability, reformation, protection of society, or rehabilitation. Current state law outlines the general requirements for health insurance policies and provides health care for low income and disabled residents who meet eligibility requirements. Amends the Oregon Constitution to establish health care as a fundamental right; obligates the state to provide Oregon residents "access to cost-effective, clinically appropriate and affordable health care." Amendment requires the state to balance that obligation against the public interest in funding public schools and other essential public services. If the state is sued to enforce the amendment, the court may not order a remedy that interferes with the state's requirement to balance healthcare funding against funding for public schools and other essential public services.</p>
