

# ADOPTED 2023-2024 BUDGET

JULY 1, 2023 THROUGH JUNE 30, 2024

## Budget Committee

### Morrow County Board of Commissioners

David Sykes, Chair  
Jeff Wenholz, Commissioner  
Roy Drago Jr., Commissioner

### Citizen Members

Linda LaRue  
Kim Cutsforth  
Gibb Evans

## County Staff

Matthew Jensen, County Administrator  
Kevin Ince, Finance Director  
Lindsay Grogan, Human Resources Director  
Tamra Mabbot, Planning Director  
Eric Imes, Public Works Director  
Robin Canaday, Public Health Director  
Benjamin Tucker, Transit Manager  
Christy Kenny, Juvenile Director  
Brian Snyder, Undersheriff  
Stephanie Case, Veteran's Services Officer  
Sue Gibbs, Fair Manager

## Elected Officials

David Sykes, Commissioner  
Jeff Wenholz, Commissioner  
Roy Drago Jr., Commissioner  
John Bowles, Sheriff  
Michael Gorman, Assessor  
Glen Diehl, Justice of the Peace  
Bobbi Childers, Clerk  
Jaylene Papineau, Treasurer  
Justin Nelson, District Attorney

# BUDGET MESSAGE

Dear Members of the Budget Committee and Citizens of Morrow County

We are pleased to present Morrow County's budget for fiscal year 2023-2024. The purpose of this document is to provide clarity and transparency with regard to the financial condition of Morrow County, the allocation of resources to carry out programs and provide services to the public and the planning process that is involved in order to do so efficiently and effectively.

This budget is the result of a collaborative effort and has been prepared based on the input, requests and recommendations of Morrow County staff and officials. As such, throughout the development of this budget, each department head, director or official provided budgetary proposals for their department(s) that included the identification of resources required to maintain the ongoing day-to-day operations of their departments in addition to submitting proposals for capital acquisitions and significant projects that will enable them to enhance the levels of service that their departments provide or improve and streamline internal processes so that they may provide those services to the public more efficiently.

The total, including all governmental funds, is **\$91,454,508**. The proposal is an increase of **\$6,663,976**, or **7.8%** over the prior year's amended budget. This increase is largely due to growth in the projected beginning fund balances and increases in revenues.

## All Governmental Funds Summary

	PRIOR YEARS ACTUAL		CURRENT YTD ACTUAL	CURRENT BUDGET	ADOPTED BUDGET
	FY2021	FY2022	FY2023	FY2023	2024
<b>Revenues</b>	\$66,185,559	\$83,767,101	\$87,240,841	\$84,790,532	\$91,454,508
<b>Expenses</b>	\$40,335,863	\$52,669,626	\$44,724,780	\$84,790,532	\$91,454,508

The total budget represented above is inclusive of all budgeted revenues and expenditures which includes interfund transfers, contingency and unappropriated balances.

The County's *operating budget* (below) which excludes those items, is **\$48,381,619**. The operating budget is a decrease of **\$5,420,632**, or **10.01%** under the prior year's amended budget.

## All Governmental Funds: Operating Expenditures

	PRIOR YEARS ACTUAL		CURRENT YTD ACTUAL	CURRENT BUDGET	ADOPTED BUDGET	Variance \$	Variance %
	FY2021	FY2022	FY2023	FY2023	2024		
<b>Expenses</b>							
MATERIALS & SERVICES	\$7,951,945	\$9,083,475	\$8,761,039	\$13,744,128	\$12,304,803	\$1,439,325	10.5%
PERSONNEL SERVICES	\$11,750,284	\$11,981,156	\$13,177,335	\$14,413,152	\$17,142,088	-\$2,728,936	-18.9%
CAPITAL OUTLAY	\$7,902,006	\$6,033,857	\$3,165,618	\$15,705,176	\$14,152,805	\$1,552,371	9.9%
DEBT SERVICE	\$372,784	\$566,476	\$570,207	\$774,782	\$587,384	\$187,398	24.2%
SPECIAL PAYMENTS	\$5,472,797	\$14,673,985	\$4,838,393	\$9,165,013	\$4,194,539	\$4,970,474	54.2%
<b>EXPENSES TOTAL</b>	<b>\$33,449,816</b>	<b>\$42,338,949</b>	<b>\$30,512,591</b>	<b>\$53,802,251</b>	<b>\$48,381,619</b>	<b>\$5,420,632</b>	<b>10.1%</b>

## Fiscal Policies, Goals & Objectives

Over the course of the last year, there have been some significant changes to the processes and procedures in the Finance Department along with changes in the methodology and philosophy for budgeting and financial planning. Some of these changes are reflected in this budget. In June of 2022, following a six month vacancy, Morrow County hired a new Finance Director & County Accountant which was the impetus for these changes. The changes that have been made are based on the following objectives:

- Maximizing financial transparency
- Standardization of accounting processes and procedures
- Enhancing the usability, and, increasing the frequency of financial reporting
- Leveraging investments made in technology to maximize value creation and realization

### **Chart of Accounts Rebuild**

One of the tasks assigned to the new Finance Director was to complete the implementation of the OpenGov Financial Planning and Reporting platform that had begun to be implemented prior to the development of the FY2022-2023 County Budget for which the system was only partially utilized. Early on in this process, it was discovered that, due to the complexity and lack of structure, the County's chart of accounts in the general ledger was incompatible with the functionality of OpenGov. In order to complete the implementation of that system and ensure that the County can utilize the full functionality of it, the entire chart of accounts had to be rebuilt. Over the next seven months a new and standardized chart of accounts was constructed and implemented. The 'Go Live' date utilizing the new chart of accounts was February 6, 2023. This process entailed the following:

1. Construct a new, standardized, chart of accounts in consult with a financial and accounting consultant and based on accounting 'best practices'
2. Create a 'map' or 'cross reference' that aligns the 15,000+ existing accounts to their corresponding accounts in the new chart of accounts
3. Set up the new chart of accounts in the general ledger accounting system
4. Transfer the year-to-date balances as of the 'Go Live' date from the old accounts to the corresponding new accounts
5. Transfer budget amounts from the old accounts to the corresponding new accounts
6. Reconcile and balance the two chart of accounts as of the 'Go Live' date to ensure accuracy and completeness
7. Engage with OpenGov to complete a complete reimplementation of the Financial Planning and Reporting system
8. Train and provide communication to all county departments and employees regarding the change and using the new chart of accounts

This whole process was completed and the OpenGov platform is now fully reimplemented and operational and it was used for the development and delivery of this budget. It is important to note, though, that since all of the account numbers have changed, it was necessary, for comparison purposes to 'convert' all of the historical data within OpenGov; therefore, all of the the account numbers in this budget and associated reports are different than the account numbers that have been presented in conjunction with prior years budgets. In order to provide transparency, the complete 'account map' or 'cross reference' can be found by following this link: [GL Account Cross Reference](#)

## **Operating Fund Working Capital**

Morrow County has a number of Special Revenue Funds that serve as operating funds for various departments or programs within the County. A fund is considered an operating fund if there are operating expenditures made from it throughout the year. Many of the operating funds within the County have little to no working capital and the revenues for some of those funds may come in quarterly installments, or, through grant reimbursements. In both of those cases, operations supported by those funds expend resources that have not been received, and, may not be received within a reasonable amount of time. This can lead to a deficit in the fund where operating expenditures are then being covered with pooled cash that is assigned to another fund. This is essentially an interfund loan that isn't accounted for as such and should be avoided. In the General Fund, it is also necessary to maintain adequate working capital to be able to support County operations throughout the year even though revenues in a given month or quarter may be insufficient to support it. For this reason, it is considered to be a best practice to establish and maintain a policy that specifies minimum fund balances for an operating fund. Morrow County does not currently have such a policy, however, through the development of this budget, careful attention was paid to ensure that any operating funds have a minimum of 15% to 25% of operating expenditures allocated to operating contingency and/or unappropriated fund balance. This will ensure that each operating fund has adequate working capital to support its operating expenditures for 60-90 days.

## **Cost Accounting for Departments and Programs**

Morrow County's budget is prepared based on *organizational units* (i.e. departments). An organizational unit is an administrative subdivision of the County which is responsible for specific services, functions or activities. The purpose of this is to enable the accurate reporting, and accounting for, the financial activities as they relate to each of the organizational units. This enables management and the Board of Commissioners to understand the total resource requirements for each organizational unit. Investigation of the expenditures that have been historically classified as 'non-departmental' revealed that there are a significant amount of costs misclassified as such that are directly related one, or more, County organizational units.

For the FY2023-2024 budget, we began the process of identifying and allocating some of these directly assignable costs to the appropriate departments within the County. For this reason there were some significant reductions in the 'non-departmental' budget with offsetting increases to some of the departmental budgets as we began reclassifying those costs more appropriately. This process was only partially completed and reflected in this budget due to time constraints but we will continue with this project through the coming fiscal year.

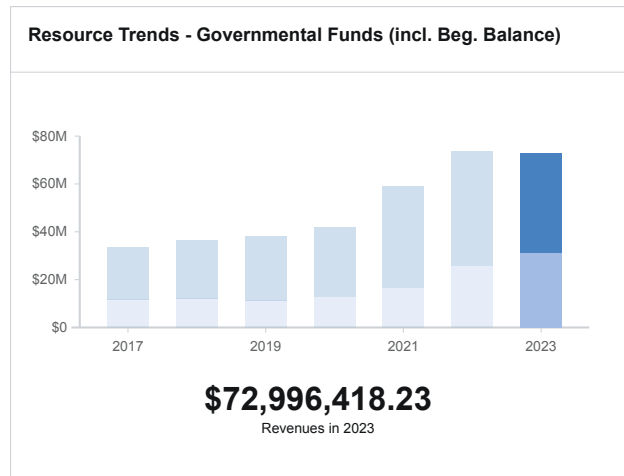

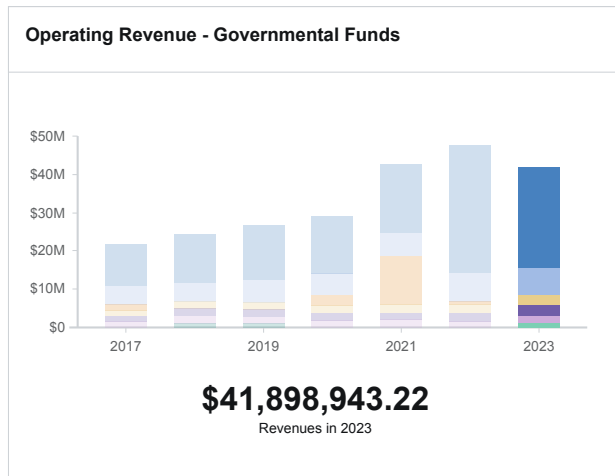

For FY2024, there is a significant decrease in budgeted expenditures classified as non-departmental as the majority of these expenditures have been budgeted in a more appropriate organizational unit which will ultimately provide a higher level of transparency and accuracy regarding the actual resource requirements for each department.

Also related to this topic is the allocation of expenditures for personnel services (i.e. labor and benefits costs). During the budgeting process, we began reviewing and revisiting the allocation of personnel costs to various departments; due to the number of employees, the significance of the total expenditure, and the existence of significant restricted revenue sources, we began this review within the Public Works department administrative staff. Through a collaborative effort the administrative staff reviewed their work activity related to each of the Public Works departments and updated their labor allocations appropriately. These updated labor allocations are reflected in this budget and more appropriately reflect the cost of the administrative staff time to each department. More details on this will be provided in the financial analysis and discussion portion of the budget documents.

# Strategic Goals & Initiatives

Overall, Morrow County is in good financial health. Over the past year we have seen a continued trend in overall resources into the County.

## Revenue Trends

This chart illustrates revenue trends from FY2017 through FY2023 YTD. The revenues represented here do not include interfund transfers or beginning fund balances. Despite a decline from FY2021 and FY2022 revenues (that were largely driven by non-recurring revenues related to the COVID-19 pandemic) you can see that we are expecting the overall growth trend to continue.

## Resource Trends

This chart illustrates total resource trends from FY2017 through FY2023 YTD. The dark blue section of each bar represents the annual revenue and the lower portion represents beginning fund balances. Commensurate with increases in revenue we have seen continued and steady increases in beginning fund balances.

Having significant beginning fund balances generally signifies financial strength, however, excess beginning fund balances may also be an indicator that there are some challenges and opportunities that exist such as planned programs or services not being fully provided, or, delays in large capital projects or acquisitions for example. When we view the resource and revenue trends in light of the significant under-expenditure of the current year's budget it appears to indicate the existence of challenges and opportunities.

Over the last couple of years since the COVID-19 pandemic, Morrow County has experienced significant challenges regarding staffing and turnover at all levels which has led to a substantial loss of institutional knowledge and organizational disruption. In light of this, over the last year, the County engaged with a consultant to review and analyze the compensation structure of the county in light of current regional economic conditions. This leads us to our first strategic goal that is reflected in this budget.

### **Investment in Morrow County workforce to reduce turnover, fill vacancies, and increase stability and competitiveness.**

Through the adoption of the new wage and compensation model recommended as a result of the analysis that was completed during the current year, we expect to see a reduction in recruitment times, and a reduction in employee turnover. In addition, by better aligning compensation with the local and regional market we expect to be more competitive with attracting skilled and highly qualified candidates to fill vacancies. This will ultimately lead to increased stability in our workforce and enable us to gain momentum and proceed with key projects, programs and initiatives.

Another challenge that has been facing Morrow County is the issue of water quality and quantity. Over the last year the County has dedicated significant effort and resources to mitigate the water quality issues and assure that Morrow county residents have clean drinking water. In addition, the County has partnered with other

agencies to secure the resources necessary to support the development of both near and long term plans to remediate the water quality and quantity issues faced by Morrow County residents. This leads us to the second strategic goal that is reflected in the budget.

**Assure clean drinking water for rural Morrow County residents and be a partner in the region to develop long range plans to remediate water quality and quantity issues.**

This budget includes the allocation of resources to Morrow County Public Health to continue education and outreach regarding water quality as well as ensure access to clean drinking water to rural County residents. In addition, a dedicated fund has been specified that will be funded with Federal, State, and County resources (estimated to be \$1.17M in total for the coming fiscal year) to continue the County's efforts centered around the development and implementation of long term plans to address water quality and quantity issues faced by County residents.

Over the last several years, Morrow County has received significant revenues through *strategic investment program* agreements and *enterprise zone payments* that are intended to foster commercial and industrial growth within the county. One of the benefits of revenue through these programs is that they are not subject to some of the restrictions that typical property tax revenues are such as the use of these revenues for capital improvements to county roads. This is the third strategic objective that you will see reflected in this budget.

**Dedicate specific limited-duration revenues to capital investment in infrastructure.**

As was previously mentioned, revenues received through enterprise zone programs and SIP agreement are discretionary and able to be used to finance capital investments in County roads. From this perspective, we are considering these revenues as 'limited-duration' since, upon the expiration of their exemption, the County will cease to receive payments under these agreements and, instead, will receive the revenue as property taxes which are restricted from being used to finance County road improvements. This budget reflects a number of capital improvement projects for county roads totaling almost \$2.5M. In addition, we included the establishment of a reserve requirement to accumulate \$2.5M in funds over the next five years to complete maintenance and improvement projects on County bridges. A total of \$2.8M in revenues from SIP agreements have been allocated to the road fund to support these investments.

While these three goals are not inclusive of all of the County's goals and objectives, they are three of the most significant in terms of the commitment of financial resources. Also, it is worth noting that these goals were not the result of formal strategic or long range planning as they have been in the past. Due to the turnover of key employees and the Board of Commissioners, there was not a formal long range planning exercise completed. The goals and priorities included in this budget were derived through individual informal discussions with County Commissioners and County management staff.

# Budget Highlights: Expenses

## Expenses: All Governmental Funds (By Classification)

	PRIOR YEARS ACTUAL		YTD ACTUAL	CURRENT BUDGET	ADOPTED BUDGET	Variance \$	Variance %
	FY2021	FY2022	FY2023	FY2023	2024		
<b>Revenues</b>	\$66,185,559	\$83,767,101	\$85,150,215	\$84,835,532	\$91,454,508	\$6,618,976	7.8%
<b>Expenses</b>							
MATERIALS & SERVICES	\$7,951,945	\$9,083,475	\$6,697,605	\$13,744,128	\$12,304,803	-\$1,439,325	-10.5%
PERSONNEL SERVICES	\$11,750,284	\$11,981,156	\$10,842,850	\$14,413,152	\$17,142,088	\$2,728,936	18.9%
CAPITAL OUTLAY	\$7,902,006	\$6,033,857	\$2,107,146	\$15,750,176	\$14,152,805	-\$1,597,371	-10.1%
DEBT SERVICE	\$372,784	\$566,476	\$570,401	\$774,782	\$587,384	-\$187,398	-24.2%
SPECIAL PAYMENTS	\$5,472,797	\$14,673,985	\$4,672,123	\$9,165,013	\$4,194,539	-\$4,970,474	-54.2%
INTERFUND TRANSFERS	\$6,886,047	\$10,330,677	\$14,212,188	\$15,754,089	\$10,078,200	-\$5,675,889	-36.0%
OPERATING CONTINGENCY	-	-	-	\$6,120,356	\$13,649,806	\$7,529,450	123.0%
RESERVE FOR FUTURE EXPENDITURES	-	-	-	\$206,871	\$8,151,445	\$7,944,574	3,840.4%
UNAPPROPRIATED ENDING FUND BALANCE	-	-	-	\$8,906,964	\$11,193,438	\$2,286,474	25.7%
<b>EXPENSES TOTAL</b>	<b>\$40,335,863</b>	<b>\$52,669,626</b>	<b>\$39,102,314</b>	<b>\$84,835,532</b>	<b>\$91,454,508</b>	<b>\$6,618,976</b>	<b>7.8%</b>

Overall there is an **7.8%** increase in total budget requirements for FY2023-2024. Other than reserves, contingencies and unappropriated ending fund balance, the only category that is reflecting an increase over the prior years budget expenditures is in personnel services. It is important to note, though, that in the FY2022-2023 budget, the personnel services budget was adopted without incorporating changes that were discussed and approved. It was the intention to adopt a supplemental budget in order to adopt the "actual" FY2022-2023 personnel services budget, however, due to events throughout the year and difficulty with staffing, it was not necessary. Therefore, the increase of **18.9%** over the prior year budget is actually comprised of two years worth of staffing changes and pay adjustments.

Also worthy of noting is the overall reduction in budgeted expenditures and the related increases in reserves, operating contingencies and unappropriated fund balances. These changes reflect the intention to limit, to some extent, the appropriations in this budget to what is actually planned to be expended during the fiscal year. If unforeseen circumstances that could not be anticipated arise, there are adequate operating contingencies that may be transferred, if needed, in order to cover them. This approach enhances the use of the budget as not just a planning document but as an effective internal control.

## In Conclusion

The FY 2023-2024 Morrow County budget is balanced and will continue to support the programs and services provided to our citizens. There have been many changes to processes and past practices related not only to the development of this budget but also with regular day to day operations and I would like to express my appreciation to the staff, department heads and directors of Morrow County as well as the Board of Commissioners and other County officials for their support, willingness and optimism regarding these changes.

Lastly, I would like to extend my appreciation to the Budget Committee for their willingness to participate in the budgeting process and for their thoughtful input and deliberations as we review the FY2023-2024 budget in detail.

Sincerely,

Kevin C. Ince  
Finance Director & County Accountant

# Budget Overview-Structure

FY2023-2024

## Overview

The Morrow County budget represents the financial plan and operating guidelines for the coming fiscal year. The 2023-24 fiscal year (FY24) runs from July 1, 2023 to June 30, 2024. Through the course of the year, this budget can, and likely will be, modified and amended in order to accommodate events or circumstances that were not foreseen at the time of preparation.

## Budget Structure

The Morrow County budget is prepared by Fund. A government fund is a self balancing set of accounts that is used to record estimated resources and requirements for specific activities and objectives.

<b>General Fund</b> <ul style="list-style-type: none"><li>• Revenue from permanent rate, local option levy for operations, interest and other charges/fees received to cover general operations with no restrictions on how resources are used</li></ul>	<b>Special Revenue Fund</b> <ul style="list-style-type: none"><li>• Dedicated to local option levy money, specific purpose grants, or other money required to be segregated by statute, charter, or terms.</li></ul>	<b>Capital Projects Fund</b> <ul style="list-style-type: none"><li>• Revenue from GO bonds proceeds, local option levy for capital projects or grant monies to finance a capital project.</li></ul>	<b>Debt Service Fund</b> <ul style="list-style-type: none"><li>• Revenue comes from special property tax levy (such as Revenue Bonds or GO bonds) to budget for payment of principal and interest on long-term debt.</li></ul>
<b>Internal Services Fund</b> <ul style="list-style-type: none"><li>• Revenue from services provided from one department to another department. ex. Fleet Management.</li></ul>	<b>Enterprise Fund</b> <ul style="list-style-type: none"><li>• For revenue received in fees or charges used to cover expenses of a business type entity such as running a parking garage or pool.</li></ul>	<b>Trust and Agency Fund</b> <ul style="list-style-type: none"><li>• Grants, gifts or transfers from general fund received in a fiduciary capacity to be used for a specified purpose.</li></ul>	<b>Reserve Fund</b> <ul style="list-style-type: none"><li>• Transfers from general funds or grants used to accumulate money for financing the cost of a service, project, property or equipment. Resolution required to create fund.</li></ul>

## Budget Layers

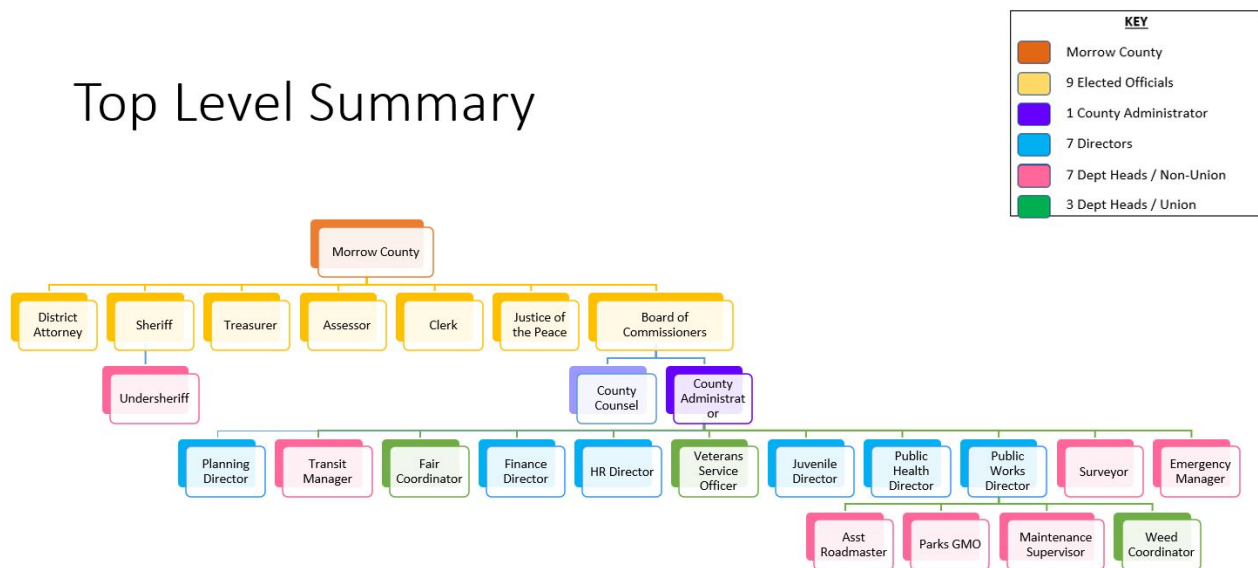

Within each fund there are multiple layers to the budget. These layers can either be organized by *Organizational Units* or by *Programs & Activities*. Generally speaking, Morrow County Budget is organized by *Organizational Units* as illustrated in the chart to the right.

## Morrow County Organizational Chart

The organizational units in the budget follow very closely with the overall operational structure of the county as illustrated below.

### Top Level Summary

## Object Classifications

Object classifications, the next layer in the structure of the budget and are used to group the budget line items (objects) based on a structure that is prescribed in the Oregon Revised Statutes. Some object classifications are allocated by organizational unit while others are not. Object classifications that are not able to be allocated are typically referred to as 'Non Departmental'.

### Object Classifications - Usually Allocated

- Personnel Services

- Materials & Services
- Capital Outlay

### **Object Classificaitons - Not Allocated**

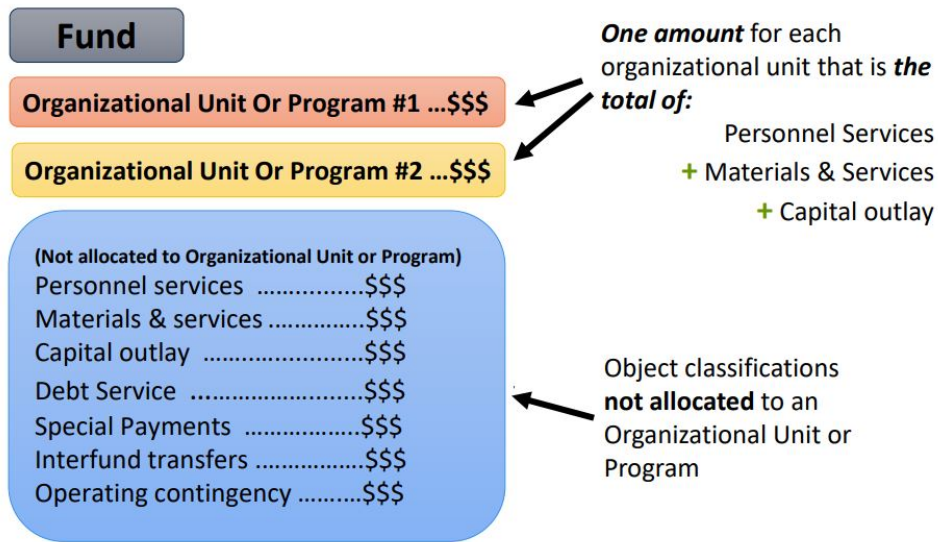

- Interfund Transfers
- Debt Service
- Special Payments
- Operating Contingency
- Reserved for Future Expendutre (RFE)
- Unappropriated Ending Fund Balance (UEFB)

In the County's General Fund, the majority of the object classifications are allocated by organizational unit. Indirect or overhead expenditures along with the object classifications identified above as 'Not Allocated' are identified as 'Non Departmental'

Generally speaking, in all other county funds, the object classifications are not allocated by organizational unit.

At the time of budget adoption, appropriations are made in one amount for each organizational unit and separate amounts for any object classifications not allocated to an organization unit along with debt service, special payments, transfers and operating contingency.

## Statutory Appropriations

For the Morrow County budget, appropriations are made by department (organizational unit) in the general fund with the exception of indirect costs and object classifications that are not able to be allocated. In all other funds, appropriations are made by object classification. The *line item details* within each object classification are totalled based on the level of appropriations and that total amount is appropriated.

There are some amounts represented in the budget that are nver appropriated. Those are *reserved for future expenditure*, and *unappropriated ending fund balance*.

### **Fiscal Year 2023-2024**

The Morrow County budget represents the financial plan and operating guidelines for the coming fiscal year. The 2023-24 fiscal year (FY24) runs from July 1, 2023 to June 30, 2024. This budget appropriates the expenditures in the General fund on an organizational unit basis an in other funds by object classification. In

FY2022-2023, the County underwent a major overhaul and rebuild of its chart of accounts (or in budgetary terms, objects, or line items). All of the account numbers have been updated and some were consolidated (multiple into one) while others were expanded (one into multiple). These changes were necessary in order to standardize the chart of accounts, reduce complexity and ultimately increase transparency.

For comparison purposes, all historical year data included in this budget has been converted to the new chart of accounts. It must be noted, however, that due to account consolidation or expansion, there are cases where **on a line item basis** a one-to-one comparison to prior years may be difficult to make. The entire mapping and cross reference file that correlates the old account numbers to the new account numbers is included as an appendix at the end of this document. Also, during this conversion, there were no changes made at any appropriation level category.

In this budget, all funds are presented as balanced between revenue and expenditures as required by Oregon Revised Statutes. County funds are budgeted and accounted for on the modified accrual basis of accounting consistent with past practices. Revenues are recorded at the time they become measurable and available to finance expenditures of the current period and expenditures are recorded at the time liabilities are incurred.

Property taxes represent the largest source of revenues in the County budget. For FY24, property tax revenues are estimated at 58% to total revenues at \$23.4 Million. Morrow County's permanent tax rate is \$4.1347/\$1,000 of assessed valuation. Other significant revenues include intergovernmental revenue from the State of Oregon (grants and revenue sharing), and revenues from Strategic Investment Program (SIP) projects.

# Budget Overview-Personnel Services

FY2023-2024

## Overview

Identified as a strategic priority in this budget, personnel services is budgeted at a significant increase compared to the prior years budget. There are several factors driving this increase and they are:

- Completion and implementation of wage study and compensation analysis
- Addition of new positions
- Prior year budget accuracy
- Planned supplemental contributions to the County's defined benefit pension plan

In the last three years, Morrow county has experienced significant employee turnover at all levels of the organization. In addition the County has experienced difficulty with the recruitment of new employees to fill vacancies that, often times, remain open for significant periods of time. Many of the operational plans and projects in this budget were considered under the assumption that staffing is at an appropriate level. To the extent that positions are not filled and County departments are not fully staffed, programs, projects and initiatives that are outside of the regular day-to-day operations of the County tend to get delayed or postponed indefinitely.

The impacts of high turnover and inadequate staffing are exemplified by the current years actual to budget variances. The significant amounts of underexpenditure compared to our current budget represent planned expenditures to support programs or projects that did not occur.

While any changes to County staffing and compensation structures need to be well analyzed and carefully measured to ensure that we can maintain a structurally balanced budget, it may, at times, be necessary to make a significant change to ensure that the County is well positioned to both attract and retain qualified employees.

## Compensation Study

During FY2023, Morrow County hired a consultant to complete a full compensation study for all county positions. The goals of the compensation study were to:

- Determine the County's competitive standing in a local/regional labor market
- Update the classification of structures to ensure alignment between all jobs
- Assess the internal equity of the County's compensation practices

One of the key findings of the Compensation study was that salaries for virtually all occupations in the county were at the 37th to 41st percentile when compared with municipalities that were within a reasonable region and comparable in scope of service, competitive risk and cost of living.

In order to address this disparity, a new salary grade and step matrix was developed and adjusted so that the midpoint of each salary range was at the 60th percentile of the regional market analyzed in the study. This does not mean, though, that each employee will be at the 60th percentile; rather it is just the midpoint of the relevant salary range that is. In actuality, some employees will be below the midpoint and some will be above the midpoint. Competitively speaking, this places the county in a competitive position in the regional labor market.

As previously mentioned, other changes resulting from the compensation study included an update of the step and grade matrix. Previously, the matrix had 6 steps for each grade and an employee could move up one step each two years. Under the newly adopted structure there are 13 steps for each grade and employees are able to move up a step on an annual basis. Also, the changes between the steps are weighted so that steps which are lower on the scale (steps 1-4) have a 4% increase between each step and steps higher on the scale (steps 11-13) each increase by 1.5%.

This plan as presented and approved is included in this budget in a way that it assumes the full implementation of the new structure and pay scales along with a 5% minimum increase for employees that are not already "topped out" on the new pay scale. In future years, we anticipate going back to a more standard 'cost of living increase' approach to adjust the whole scale appropriately.

## New Positions

During the 'FTE Ask and Reclassification' process during the current year, there were a total of 6 new additional FTE that were approved. The are:

- Criminal Lieutenant
- Patrol Deputies x 2
- Accounting Tech
- Park Ranger
- Administrative Assistant (Public Works)
- Janitor
- Court Clerk 1
- Appraiser 1
- Assessment & Tax Office Specialist
- Health Equity Coordinator

Some of these positions were funded the the removal of an old position while some of them are completely incremental.

### ALL POSITIONS-BY DEPT

Departments Description	Position Name	Allocated FTE Count	Total Cost
AIRPORT		0.36	\$48,723
ANSON WRIGHT PARK		0.68	\$77,505
ASSESSOR/TAX COLLECTOR		8.00	\$864,240
ATV PARK		4.94	\$400,730
BD OF PROPERTY TAX APPEAL		0.02	\$2,452
BOARD OF COMMISSIONERS		5.83	\$660,676
COMMUNITY DEVELOPMENT		0.48	\$77,351

## Accuracy of Pior Year Budget

Lastly, it must be noted that the adopted budget for FY2022-23 **was not** the actual prepared budget that included all of the FTE changes and reclassifications. Due to staffing and timing during the budgeting process, it was decided to "roll forward" the then current personnel budget and then do a supplemental budget in the future, once there was adequate time to prepare.

However, due to the significant underexpenditure on personnel services in most departments throughout the current fiscal year there was no financial need to increase appropriates by \$1.5M which is the impact that the supplemental budget would have had. Therefore, the personnel services budgeted for the FY2022-23 fiscal year is acutally the same as the FY2021-22 fiscal year so the change from the current year budget to this FY24 budget represents the impacts of two years worth of changes.

## Supplemental Pension Plan Contributions

This budget also includes a supplemental contribution to the defined benefit pension plan that is administered by the County. This contribution will benefit the County through the reduction of the unfunded liability related to the

pension plan. The contribution is budgeted at \$1M and is funded through CREZ, AWS, and other General Fund amounts that are currently in the Resiliency Fund (540).

# Budget Overview-Capital Outlay

FY2023-2024

## Overview

This budget contains a total of \$14.1 Million in capital outlay. A summary of the expenditures is illustrated below.

### Capital Outlay-by Object

	2023 - 24 Budget
<b>ACQUISITIONS</b>	
IT HARDWARE > \$5K	\$20,000
SOFTWARE (OWNED) > \$5	\$20,000
EQUIPMENT & FURNISHINGS > \$5K	\$321,000
HEAVY EQUIPMENT > \$5K	\$253,802
VEHICLES	\$572,000
<b>ACQUISITIONS TOTAL</b>	<b>\$1,186,802</b>
<b>CONSTRUCTION &amp; IMPROVEMENTS</b>	
BUILDING IMPROVEMENTS	\$368,500
<b>CONSTRUCTION &amp; IMPROVEMENTS TOTAL</b>	<b>\$368,500</b>
<b>TOTAL</b>	<b>\$1,555,302</b>

# Budget Committee Meeting: Public Notice

FY2023-2024

Received By  
JUL 06 2023  
Morrow County  
Finance

**NOTICE OF BUDGET COMMITTEE MEETING**

A public meeting of the Budget Committee of Morrow County, State of Oregon, to discuss the budget for the fiscal year July 1, 2023, to June 30, 2024, will be held at the Morrow County Bartholomew Building, 110 N. Court Street, Heppner, Oregon. The meeting will take place on May 30, 2023 from 9:00 a.m. – to the 1st day of June 2023. This meeting will span the three days listed above and begin or resume at 9:00 a.m. each day. The schedule for each day will be posted at [www.co.morrow.or.us/finance](http://www.co.morrow.or.us/finance). The purpose of the meeting is to receive the budget message and to receive comments from the public on the budget. These are public meetings where deliberation of the Budget Committee will take place. Any person may appear at the meeting and discuss the proposed programs with the Budget Committee. The public may obtain a copy of the budget document after May 30, 2023, at the Morrow County Bartholomew Building, 110 N. Court Street, Heppner, Oregon, between 8:00 a.m. and 5:00 p.m.; Monday - Friday. Please visit [www.co.morrow.or.us/finance](http://www.co.morrow.or.us/finance) or call Kevin Ince, Budget Officer, at (541) 676-5615 for more information.

# Budget Resolution R-2023-14

FY2023-2024

**FORM LB-1**

**NOTICE OF BUDGET HEARING**

A public meeting of the Morrow County Board of Commissioners (governing body) will be held on June 21, 2023 at 9:00 am at the Morrow County Government Center, Don Adams Conference Room, 215 NE Main Avenue, Irrigon, Oregon. The purpose of this meeting is to discuss the budget for the fiscal year beginning July 1, 2023 as approved by the Morrow County Budget Committee. A summary of the budget is presented below. A copy of the budget may be inspected or obtained at the Morrow County Bartholomew Building located at 110 N. Court St. Heppner, OR between the hours of 8:00 a.m. and 5:00 p.m. or online at [www.co.morrow.or.us](http://www.co.morrow.or.us). This budget is for an annual budget period. This budget was prepared on a basis of accounting that is the same as the preceding year.

**STATEMENT OF CHANGES IN ACTIVITIES and SOURCES OF FINANCING \***

For Fiscal Year 2023-24, management and staff will continue to monitor operations in response to current economic conditions. Costs are rising quickly due to inflation, gas prices, supply shortages, and increases in personnel costs. Property taxes collections continue to increase due to growth in Morrow County.

**PROPERTY TAX LEVIES**

**FORM LB-1 NOTICE OF BUDGET HEARING**

A public meeting of the Morrow County Board of Commissioners (governing body) will be held on June 21, 2023 at 8:00 am at the Morrow County Government Center, Don Adams Conference Room, 215 NE Main Avenue, Irigon, Oregon. The purpose of this meeting is to discuss the budget for the fiscal year beginning July 1, 2023 as approved by the Morrow County Budget Committee. A summary of the budget is presented below. A copy of the budget may be inspected or obtained at the Morrow County Board/County Building located at 110 N. Court St. Hoppner, OR between the hours of 8:00 a.m. and 5:00 p.m. or online at [www.co.morrow.or.us](http://www.co.morrow.or.us). This budget is for an actual budget period. This budget was prepared on a basis of accounting that is the same as the preceding year.

**STATEMENT OF CHANGES IN ACTIVITIES and SOURCES OF FINANCING \***  
 For Fiscal Year 2023-24, management and staff will continue to monitor operations in response to current economic conditions. Costs are rising quickly due to inflation, fuel prices, supply shortages, and increases in personnel costs. Property taxes collections continue to increase due to growth in Morrow County.

# Notice of Property Tax and Certification of Intent to Impose (Form LB-50)

FY2023-2024

Notice of Property Tax and Certification of Intent to Impose a Tax, Fee, Assessment, or Charge on Property

FORM OR-LB-50 2023-2024

To assessor of Morrow County

Check here if this is an amended form.

Be sure to read instructions in the current Notice of Property Tax Levy Forms and Instructions.

The County of Morrow has the responsibility and authority to place the following property tax, fee, charge, or assessment on the tax roll of Morrow County.

Form fields for mailing address (PO Box 867, Hoppner, OR 97836), contact person (Kevin Ince, Finance Director), and date submitted (6/22/2023).

CERTIFICATION - You must check one box if you are subject to Local Budget Law.

- Checked box: The tax rate or levy amounts certified in Part I are within the tax rate or levy amounts approved by the budget committee.

PART I: TAXES TO BE IMPOSED

Table with 5 columns: Item description, Rate, Subject to General Government Limits, Excluded from Measure 5 Limits, and Dollar Amount of Bond Levy. Includes items 1-5c.

PART II: RATE LIMIT CERTIFICATION

Table with 2 columns: Item description and Rate. Includes item 6 (Permanent rate limit).

PART III: SCHEDULE OF LOCAL OPTION TAXES - Enter all local option taxes on this schedule. If there are more than two taxes, attach a sheet showing the information for each.

Table with 5 columns: Purpose, Date voters approved, First tax year levied, Final tax year to be levied, Tax amount - or - rate authorized per year by voters.

PART IV: SPECIAL ASSESSMENTS, FEES, AND CHARGES\*

Table with 4 columns: Description, ORS Authority\*\*, Subject to General Government Limitation, Excluded from Measure 5 Limitation.

\*If fees, charges, or assessments will be imposed on specific property within your district, you must attach a complete listing of properties, by assessor's account number, to which fees, charges, or assessments will be imposed.

\*\* The ORS authority for putting these assessments on the roll must be completed if you have an entry in Part IV.

(see the back for worksheet for lines 5a, 5b, and 5c) File with your assessor no later than JULY 15, unless granted an extension in writing.

# FY2023-24 Adopted Budget Summary

Fund: General Fund (101)  
Department: Board of Commissioners (101)

## Board of Commissioners Department

This department in the General Fund budgets and accounts for the Board of Commissioners operating expenses. For the FY2023-2024 budget, there were some changes made in the structure of what is included in the budget in an effort to transfer budget amounts and expenditures from 'Non-Departmental' and assign them to the appropriate departments.

Specific to this department, the stipends that are paid to the District Attorney and the Deputy District Attorney for their work as County General Counsel were moved into this department since those services are provided primarily at the direction of the Board of Commissioners and the County Administrator.

Other changes in this department included in this budget is the Compensation Board's recommend changes to the compensation for the County Commissioners and the District Attorney.

# FY2023-24 Adopted Budget Summary

Fund: General Fund (101), County School Fund (211), Ione School Fund (212)  
 Department: Treasurer (104)

## Treasurer's Department

General Fund Dept 104 budgets and accounts for the Treasurer's operations. Today's best operating practices do not allow for contracting a random person to cover the Treasurer's Office when he/she is out for medical/vacation etc. therefore I have taken the "Extra Help" amount out of Personal Services and split that portion between lines in Materials & Services to help cover the increased cost of operating expenses such as envelopes, check stock, office supplies, lodging for conferences and training etc. I am planning on attending more training/conferences this next year and am working on a different avenue for getting more appropriate backup coverage of my office.

## Summary of significant changes:

- Increase in personnel services related to the County Compensation Board recommendation to increase salary of the County Treasurer by 12%: \$15,633

# FY2023-24 Adopted Budget Summary

Fund: General Fund (101)  
 Department: Assessment & Taxation (103)

## Assessment & Taxation

Morrow County continues to experience rapid growth. New industrial, commercial and residential development, especially in the North end of County is what comprises most of the growth. You will find the 2023-24 proposed budget for the Assessment & Tax Department has some changes as well as a modest overall increase.

I have requested an additional appraisal staff FTE for the upcoming budget year with a projected total cost of \$98,158.58. For Materials and Services, I have increased the Office Supplies line item in the amount of \$2,500 mostly due to a dramatic increase for the cost of paper and envelopes over the past few years. We process all tax payments (printing, sending and collecting) in house and order around 25,000 envelopes annually. There is an increase of \$3,000 in the Legal Services line item due to the need for outside counsel for bankruptcy cases involving property taxes. There is an increase of \$550 in the Publishing line item due to the increase costs for publishing foreclosure notices. There is an increase of \$1,500 in the Registration and Dues line item due to increases in those items. Previously, there has been no line item specifically for training. Historically, I have used the Lodging and Meals and Registration and Dues lines for those costs. I now have a Training and Development line and therefore have reduced the Lodging and Meals line to \$7,500 and added \$7,500 to Training and Development as appraisers have statutory continuing education and training requirements in order to keep their license. I am also asking for \$4,500 for Office Furniture and Equipment to provide for the new FTE and to provide updated ergonomic desk risers for some staff. DOR Mapping has been combined into Contract Services and I have removed \$14,500 from that line, that amount has been budgeted the last several years in anticipation of the Lost Valley Dairy becoming operational, which does not seem likely now. GIS Program Maintenance and A & T Software Maintenance have been combined and have an increase of \$3,500. The total increase for Materials and Services is \$6,500.

## Summary of significant changes:

- Materials & Services increases outlined above: \$7,610
- Capital Outlay Request: \$20,000
  - This is a single capital outlay request for a check processing system that will automate and streamline the acceptance, deposit and reconciliation of payments via check.

Expenses in 2024

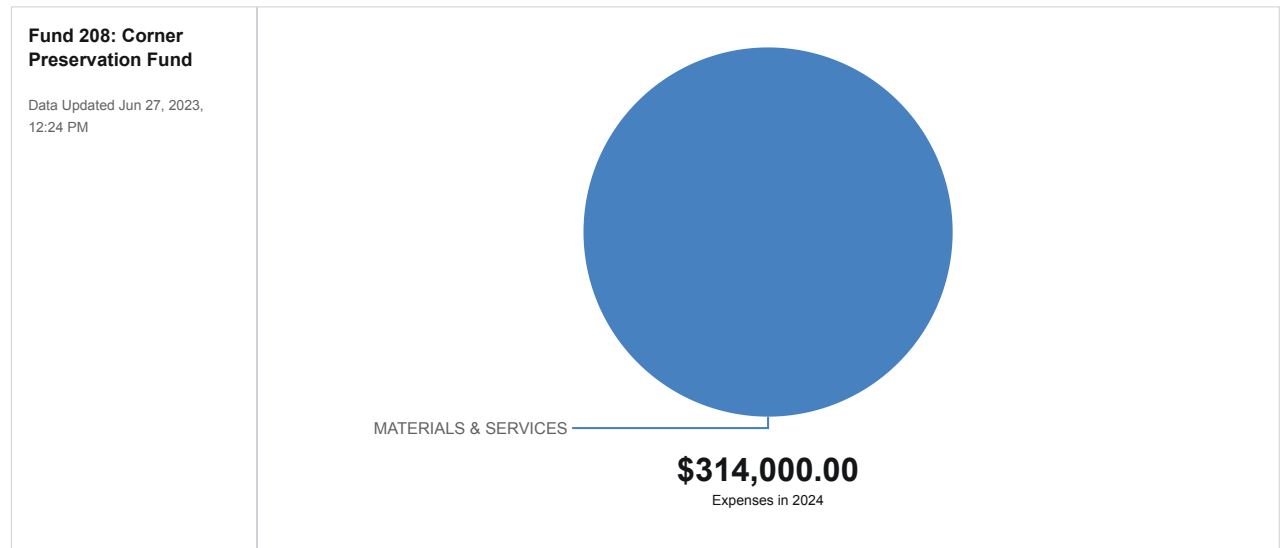

## Fund 208: Corner Preservation Fund

This is a statutory fund established by ORS 203.148. The primary revenue source for the fund is a portion of recording fees. Expenditures from the fund may only be used to pay expenses incurred and authorized by the county surveyor in the establishment, reestablishment and maintenance of corners of government surveys.

## Expense by Object Classification

# FY2023-24 Approved Budget Summary

Fund: General Fund (101), Heritage Trail Fund (200), Building Permit Fund (237), Water Planning Fund (245), Economic Development Fund (219)  
Departments: Planning (115), Community Development (116)

## Planning & Community Development

There have been some structural changes to the Planning and Community Development departments that are reflected in this department.

### General Fund: Planning & Community Development Departments:

One of the most significant changes is the reallocation of some budgetary amounts that had been consolidated in the Planning Department into the Community Development Department. The reason for this change is to better align and categorize costs to the appropriate functional area to increase transparency through more accurate reporting and costing of County Departments and programs.

### Water Planning Fund (245):

In addition, there are significant financial activities in this budget that are related to water quality and quantity improvement efforts. Due to the significance and importance of this issue, we felt that it was important to be able to accurately reflect the amount of County resources that are allocated to support the efforts in this area. For this reason, most of the water quality and planning efforts have been consolidated into Fund 245: Water Planning. Presently, these efforts are being lead and overseen by the Planning and Community Development Director. One of the major revenue sources for the Water Planning Fund in the coming fiscal year is anticipated the receipt of substantial Federal grant funds to support regional efforts surrounding water related issues.

### Heritage Trail Fund (200):

The Heritage Trail Fund is a reserve fund for resources dedicated for future capital projects for Heritage Trail improvements. Near term improvements will include upgrade signage and replace interpretive panels. Longer term will include trail development.

### Building Permit Fund (237):

Currently, Morrow County contracts the building permit function to the City of Boardman. The revenue that is generated to the County under this agreement is reported as income in Fund 237: Building Permit Fund. These revenues are restricted in their use and can only be utilized in support of the County's Building Permit and Inspection program. Since the entirety of this function is outsourced there are very limited uses of these funds for Morrow County. Since the Planning Department staff spend significant time coordinating with the City of Boardman surrounding this program, we are able to utilize a portion of these funds to cover some of the personnel related expenditures of the planning department. As such, a portion of the relevant employees wages and benefits have been allocated to be paid from the Building Permit Fund. This is consistent with past practices and is allowable; the difference for this coming fiscal year is that the charges will be paid directly from the Building Permit Fund rather than being transferred into the general fund. The amount allocated is based on an estimate of staff time spent in support of this program. This approach, again, will result in more accurate reporting and transparency.

## Grants to Local Governments, Special Districts & Businesses:

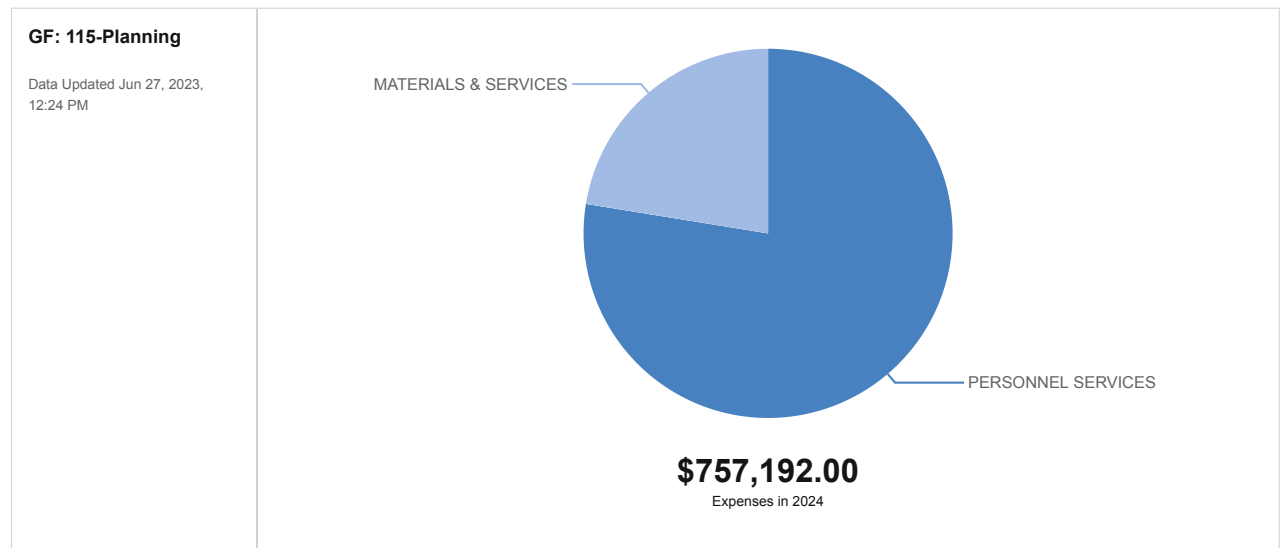

Historically grants from Morrow County in support of external funding requests have been categorized as Non-Departmental. However, these types of grants are typically for purposes related to economic and/or community development. In this budget, the budgetary amounts have been transferred from Non-Departmental to Community Development which will allow for better and more meaningful reporting.

## Economic Development Fund (219)

Revenues into this fund come from the State Video Lottery fund and are restricted in their use in support of economic development. Funds are used in support of the Morrow County Tourism Consultant as well as to accomodate grant requests from external entities.

	\$ 277,862	\$ 159,494	\$ 108,849	\$ 471,205

All of the above requests have been incorporated into this budget. There were additional requests received, and included in the budget, but are not on this list as they were really for a "Contract Service" but had historically been accounted for as a grant. They have been reclassified in to the appropriate accounts. The requests were from the FARM Foundation, which is the entity that runs the Morrow County Museum, and from USDA for wildlife services.

# FY2023-24 Adopted Budget Summary

Fund: Resiliency (540)

## Fund 540: Resiliency

The Resiliency Fund was originally intended to account for the County's ARPA dollars. Over time, other large, non-recurring payments (such as payments from CREZ and AWS for example) began to be posted to this fund as well. Since the ARPA dollars are a non-recurring Federal grant, these funds should be in a segregated account and not comingled with general funds.

This budget reflects the rebalancing of the fund to ensure that the Federal grant money is segregated from general funds.

# FY2023-24 Adopted Budget Summary

Fund: General Fund (101)  
Department: Finance (102)

## Finance Department (formerly Administrative Services)

This department was previously a combined department for both Human Resources and Finance. In an effort to increase transparency and accurate cost assignment, beginning with FY2023-2024, the two departments have been split in our accounting systems so that transactions can be differentiated between the two separate business function. The new department number for Human Resources is 131.

In preparation for this change, the department heads collaborated and allocated existing budget amounts between the two newly separated departments.

Much of the budget increase in the Finance Department is driven by transfers of budget amounts from 'Non-Departmental' and 'Information Technology' to this department. In total, there was \$70k transferred from the 'Non-Departmental' budget and \$34k transferred from the 'IT' budget into this department. The other department budgets were reduced accordingly.

### Summary of significant changes:

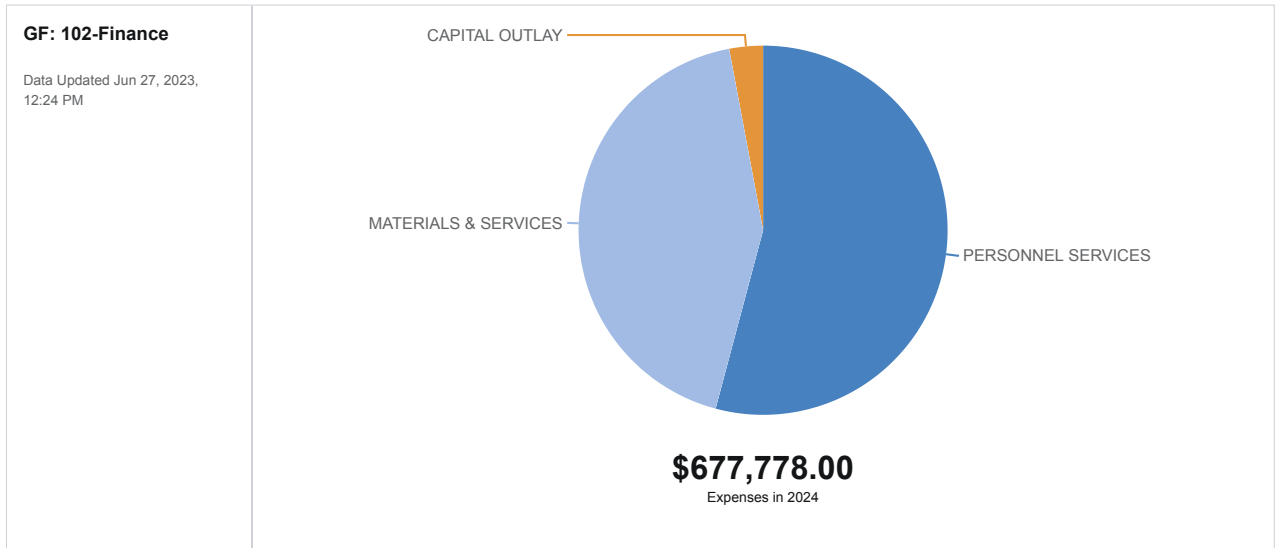

- The division Finance and Human Resources into two departments resulted in a reduction to the base budget for the previously combined departments of \$470k.
- Materials & Services:
  - Transfers of budget amounts from 'Non-Departmental' and 'IT Department': \$104,052
  - Increase in annual audit fees: \$5,000
  - Cost Allocation Study: \$25,000
- Capital Outlay:
  - Content Management System and Paperless Accounts Payable: \$20,000

# FY2023-24 Adopted Budget Summary

Fund: General Fund (101)  
 Department: Non-Departmental

## Non-Departmental

Transactions classified as 'Non-Departmental' are those that are not attributable to any specific department and are general in nature. In the General Fund, costs that are not allocated to a specific organizational unit are considered Non-Departmental. Typically, in the General Fund, appropriations are made at the organizational unit (department) level. This is not the case with Non-Departmental expenditures. Costs not allocated to a specific organizational unit in the General fund must be budgeted and appropriated at the object classification level.

Object classifications for expenditures include the following:

- Materials and Services
- Personnel Services
- Capital Outlay
- Special Payments
- Debt service
- Interfund Transfers

Expenditures that are classified as 'Non-Departmental' should be limited to anything that cannot be reasonably attributed to a more specific organizational unit. Historically, as was outlined in the Budget Message, there have been a number of expenditures that, in actuality, are attributable to a specific organizational unit. In this budget, we have begun the process of identifying these items and reclassifying them appropriately. This will allow for greater accuracy and transparency in our financial reporting. Due to the complexity involved, not all 'Non-Departmental' expenditures have been fully reviewed and reclassified, this is a project that will continue through the next fiscal year. It will be the goal that we begin developing the next annual budget for FY2024-2025 when we have all items reviewed and classified appropriately.

General Fund Non-Departmental is also where we record all of the property tax revenues, non-restricted State and Federal revenue sharing and other revenues that are not restricted in their use or attributable to any other organizational unit.

## Summary of significant changes:

- Transfers of budgetary amounts from 'Non-Departmental' to appropriate organizational units: (\$2.23M)
- Increase in Operating Contingency: \$4.5M
  - Operating Contingency as a percent of General Fund operating expenditures: 45%
- Increase in Unappropriated Fund Balance: \$1.26M
  - Unappropriated Fund Balance as a percent of General Fund operating expenditures: 25%

# FY2023-24 Approved Budget Summary

Fund: General Fund (101)  
 Departments: General Maintenance (121)

## General Maintenance (121)

General Fund Dept 121 budgets and accounts for Public Works general maintenance.

General maintenance continues to strive to ensure that a safe, comfortable and effective work place may be enjoyed by all staff and the public that visit our facilities.

We will be dedicating this year to energy efficiency. We would like to continue with LED lighting upgrades and complete research and training to enhance our abilities to discover other energy saving areas and programs.

### Summary of significant changes:

- Increase in Personnel affected by:
  - Addition of a Custodian that was previously contracted
- Decrease in Capital Outlay (\$201,278)
  - One capital Outlay Request for the coming year:
    - Aerial man Lift: \$56,222

# FY2023-24 Adopted Budget Summary

Fund: General Fund (101)  
Department: Human Resources (131)

## Human Resources Department

The Human Resource department aspires to build partnerships at all levels of the County to create a culture that values and unifies all employees and empowers excellence.

### Goals & Objectives for the Upcoming Year

- Attain efficiency to maximize fiscal responsibility. Continue to automate processes, identify and correct inadequacies, and create standard procedures to ensure services are consistent and undisrupted.
- Strive to attain competitive advantage and equity for Morrow County employees. Our biggest asset is our people. HR would like to ensure that value is being placed on all employees that help serve Morrow County. By continuing to perfect the compensation structures and strive to meet equity practices we will be able to make progress towards this ever-reaching goal.

When the HR department was formed in 2015, the Human Resources was joined with the Finance department budget to form Administration. Since then, both departments have grown and it has become logical for each department to have their own budget. This will help with better tracking, ease of reporting, and more management accountability. As a result, Human Resources has been assigned department number 131.

Currently, we have a succession plan in place for our Payroll and Benefits Coordinator position. There are two incumbents temporarily in this position in attempt to transfer history and knowledge with an upcoming planned retirement.

Additionally, Finance has recommended that anything directed by our department, that is currently coded to the non-departmental fund, should be moved into our department's fund. To obtain by these best practices, we are proposing the transfer in those funds which makes our budget appear significantly larger.

### Summary of significant changes:

- The division Finance and Human Resources into two departments resulted in base budget for the Human Resources Department of \$470k.
- Materials & Services:
  - Transfers of budget amounts from 'Non-Departmental': \$88,450
    - The major items transferred from 'Non-Departmental':
      - Advertising and marketing expenses related to employee recruitment
      - Retirement plan administrative fees
      - Cell phone expense
      - Legals services for labor attorney and retirement plan attorney expenditures
      - Employment screen costs
      - Investigation expenses
      - Workers compensation (SAIF) audit fees

## Fund 228: Safety Committee

Morrow County holds in high regard the safety, welfare, and health of our employees. We have a responsibility to make every reasonable effort to maintain a safe and healthful working environment. No job will be considered so important or urgent that we cannot take time to perform our work safely.

A safety committee has been established to coordinate the safety programs and assist the County's management staff in promoting safe working conditions.

Morrow County is establishing a loss prevention program that emphasizes the integration of safety and health measures into each job task so that safety and job performance become inseparable. We expect our employees to respond to all safety efforts and to perform their jobs in the safest possible manner. The Safety Committee shall evaluate the County's accountability system and make recommendations to implement supervisor and employee accountability for safety and health. Our safety and loss prevention effort will be accomplished through the cooperative efforts of all employees who will work together to obtain the lowest possible workplace accident rates.

We are committed to making our loss prevention program a success, and we expect all employees to assist in this effort. To fulfill this obligation, safety orientation for new and transferred employees, timely and appropriate training, management/employee safety committee, an active self-inspection program, proper mechanical guards, and personal protective equipment will be some of the tools used to maintain a safe work environment.

The County's Safety Committee will make regular inspections to evaluate and detect physical and chemical hazards. In addition, it will investigate losses and loss trends. Written reports will be prepared that include recommendations for corrective action. The Safety Committee will be available to provide loss prevention assistance for all employees.

The County is responsible for evaluating and obtaining personal protective equipment. Additionally, we will instruct employees in the proper use and maintenance of this equipment.

On job sites where harmful plants, animals, toxic material or any other condition exists which may be harmful, the County will inform employees about these identifiable potential hazards. Additionally, we will instruct employees regarding appropriate controls, necessary personal hygiene, and personal protective measures required to reduce or eliminate the hazards.

The County recognizes the need to provide a workplace which meets the ergonomic needs of its employees. Worksites will be evaluated for design, layout and operation using an ergonomic approach. We will obtain assistance in this effort from City/County Insurance Services, SAIF and other resources by using their safety representative as a consultant to evaluate and make recommendations for ergonomic job site modifications.

During the scope of the Safety Committee a need was identified to focus on employee's overall wellness. The Committee recognizes that employees cannot be expected to have no accidents or injuries, especially when an employee is in poor health. The County cares about the wellness of our employees, not just within their positions but in every aspect of their life. Thus, a Wellness Sub-Committee was born. The Wellness Program is intended to make employees aware of their health and wellness habits, and do small challenges each month to make them healthier individuals. Please see the "Annual Challenge Calendar" attached to view the challenges happening in 2023-24.

# FY2023-24 Adopted Budget Summary

Fund: General Fund (101), Programming Reserve Fund (217), Computer Equipment Reserve (215)  
 Department: Information Technology (125)

## Information Technology

Information Technology services are provided to the County by the City of Hermiston IT Department through an Intergovernmental Agreement (IGA). The IGA with the City of Hermiston was effective on July 1, 2022 and expires on June 30, 2025. Through this agreement, the City of Hermiston IT Department provides the following services:

- Managed Help Desk
- Managed Server and Infrastructure Support
- Managed Workstations/Laptops/Software
- Active Directory

The structure of this arrangement allows the County to have 24/7 ongoing IT support and management services from a fully staffed and equipped IT team, without the additional overhead of hiring, managing and maintaining an internal IT department.

The annual fee for the the services provided under the IGA with the City of Hermiston is \$249,600.

### Equipment Replacement:

End user IT equipment such as computers and laptops are managed based on a 5 year rotation by the IT Department. For FY2023-24, there are more scheduled replacements than normal because the County made a large purchase 5-6 years ago in order to establish the 5 year rotation. The rotation of this equipment is based on best practices and recommendations by the contracted IT Department. Additional devices such as tablets and phones are not included in this rotation or managed by the IT Department. Those items, if used, are typically procured and managed within the departments that utilize them.

Network equipment and server replacements are also managed by the contracted IT Department.

### Reserve Funds:

Currently there are two separate reserve funds that were set up to establish and maintain financial reserves for IT systems and equipment. These reserve funds are Fund 215 and Fund 217. As of the beginning of the fiscal year, as is reflected in this budget, these two reserve funds will be consolidated into a single fund; that fund will be fund 215. It is a widely accepted best practice to minimize the number of active funds that a government utilizes and in this case there are two funds that essentially serve the same purpose and it is not necessary to maintain them both.

## Summary of significant changes:

- The net change when all requirements are combined is an increase in the IT budget for FY24 of \$5.1k (excluding interfund transfers).

# FY2023-24 Approved Budget Summary

Fund: Parks (238)  
Departments: Multiple

## Parks Department

### Mission Statement

*Parks Department mission is to maintain, improve, promote and protect County Parks while providing quality facilities and diverse recreational opportunities with natural and historical conservation/preservation, education and inspiration for this and future generations.*

The Parks Master Plan 2018-2038 set goals to help insure the parks had guidelines on which to base current and future decisions.

Goals: responsive to recreation needs; maximize resources; responsible stewardship of human, fiscal, natural and historical resources; provide safe, well-designed and properly maintained facilities and programs; promote health and wellness; develop and cultivate partnerships

### Parks Overall:

- Operations for the parks department personnel oversees and maintains four separate locations with the majority of time, park infrastructure, trails, land and resources being the Off-Highway Vehicle Park (OHV). Thus, the largest percentage of the parks budget is allocated to its operation, as is the personnel services. Cutsforth Park (Cutsforth) is the second busiest and has some aging infrastructure that does require attention and repairs. Anson Wright Park (Anson Wright) while busy does not require quite the personnel attention as the OHV and Cutsforth. It too has aging facilities that have seen some upgrades in recent years to help preserve its longevity. Fairgrounds Campsites (FGC) are simple campsites with amenities for guest to use. These sites are do not see a high volume of traffic thus require little to no oversight other than routine check-ups to insure all items still function properly and sites remain orderly.
- Personnel is much like the operations and is divided up based on the needs of the parks and its users. Parks look at the whole scope of events, projects, funding and resources available to determine the focus on the day to day operations and schedule personnel accordingly. This is done insuring no one park is overlooked and items are addressed as needed for maintenance or events. Parks continues to see growth and use to keep up with this growth additional full-time personnel are required to help keep things in proper working order to help insure public safety.
- Infrastructure each park has structures that offer amenities to guest with some that are aging and in need of repairs, maintenance or upgrades. OHV has buildings that are utilized for various purposes and storage. These buildings vary in age as the park continues to grow so does its building inventory thus, the buildings vary in age, style and degree of repair or upgrades to keep them functioning, operational and be compliant by today's standards. Cutsforth one of the park systems older parks has seen upgrades to some of the buildings, and installation of a couple of vault restrooms with grant funding, but still has structures and systems that are aging and in need of upgrading to keep up with today's standards and demands of the users. Anson Wright has a couple of buildings one of which in past five years received a structure facelift to enhance its

appearance and address issues that were starting to fail on the exterior helping preserve the building a little longer, but will in time need to be updated and replaced to be compliant with ADA standards.

- Equipment the OHV Park is the primary site that utilizes the majority of the equipment operated and maintained by the Parks Department. Cutsforth and Anson Wright have smaller hand tools, lawn mowers/tractors, and host vehicles that are used seasonally by the hosts and park personnel to perform upkeep and maintenance of the facility. The heavy equipment, trucks, fire suppression equipment, all-terrain vehicles (ATV), and pick-ups have been acquired through various grant programs or purchased with park generated revenues to help insure that the personnel has the necessary tools and equipment to perform daily operations and repairs in all aspects of park operations.

## **200 - Cutsforth Park**

- Revenue comes Recreational Vehicle tax monies from the State of Oregon by meeting the necessary requirements of the state. Additional revenues received come from rental of campsites, cabins and the sale of goods at the park.
- Personnel Services the parks department dedicates time and personnel to ensure that the park facility is operational and upkept.
- Materials & Services seasonal contracted park host help with the greeting of guests, checking them in to the park and aiding with the overall campground upkeep. Utilities, janitorial supplies, and maintenance supplies all help ensure the safety of the personnel and the park guest.
- Capital Outlay there are no capital outlay projects or purchases for this fiscal year.

## **238– Anson Wright Park**

- Revenue comes Recreational Vehicle tax monies from the State of Oregon by meeting the necessary requirements of the state. Additional revenues received come from rental of campsites, cabins and the sale of goods at the park.
- Personnel Services the parks department dedicates time and personnel to ensure that the park facility is operational and upkept.
- Materials & Services seasonal contracted park host help with the greeting of guests, checking them in to the park and aiding with the overall campground upkeep. Utilities, janitorial supplies, and maintenance supplies all help ensure the safety of the personnel and the park guest.
- Capital Outlay there are no capital outlay projects or purchases for this fiscal year.

## **300 – Off-Highway Vehicle (OHV) Park**

- Revenue there are a couple of sources of revenue for the OHV Park that include Camping fees, sales of goods and grants. The largest of which is the ATV Operations & Maintenance Grant that pays wages and overheads of personnel, occasional equipment purchases, as well as the overall operations and maintenance of the OHV Park facility. Local Government Grant still pending presentation and review of the committee and state parks if funding will allow for the contracting of a consultant to aid with the goal 4 exception for land use at the park. If funded and all approved would follow with the Parks Master Plan document and allow for future development of the park allowing for a wider diversity of amenities the park could offer. Grazing leases are acquired from contracted grazing of the park lands. The park also receives Recreational Vehicle tax monies from the State of Oregon by maintaining campsites to state funding requirements and completing necessary documentation to the state annually. Revenues generated at the park from camping, cabin rentals and sales of goods help meet the requirement of the match on grants as they help offset costs.

- Personnel Services will be seeking to add additional personnel to assist with the day to day operations and maintenance of the park. Pending final approval from the state the ATV Operations and Maintenance Grant will fund an additional full-time position. The ATV Grant has been presented to and recommended for funding by the ATV Grant Committee. Local Government Grant would fund a contractor to do the research and necessary documentation for moving forward with the goal 4 land use exception.
- Materials & Services with the popularity of the park comes continued supply, demand and maintenance of the facility. Fuel, janitorial supplies, misc. small tools, signage, facility repairs, advertising all factor into the operations of the park. Brochures, advertising and souvenirs are utilized to help promote the park not only onsite but around the Pacific Northwest and beyond. One of the largest of expenses is in contract services that pays for the Oregon Department of Forestry fire protection. This protection is part of the ATV Operations and Maintenance Grant funding. Grazing lease monies offset the property tax burden of the park. The seasonal contracted park host and host assistant help with the greeting of guests, checking them in to the park and aiding with the overall campground upkeep.
- Capital Outlay upon state approval funding from the ATV Operations and Maintenance Grant would fund purchasing of an additional vehicle for use by the additional new personnel. Other revenues and resources will fund the purchase of a dump trailer, and replacement of two aging quads.

#### 400 – Fairgrounds Campsites

- Revenue is generated solely from the rental of the campsites.
- Personnel Services due to the minimal revenue park personnel swing by and due routine spot checks on the sites to insure they are in working order. Parks also works with the General Maintenance Department for the water to the sites as it also feeds portions of the fair and rodeo grounds.
- Materials & Services the main services utilized at this facility are utilities from use of the sites and sanitary services for garbage and waste as necessary.
- Capital Outlay there is no capital outlay purchases or improvements planned.

# FY2023-24 Proposed Budget Summary

Fund: Special Transportation (216), FTA Grant Fund (504), STF Vehicle Reserve (225)  
Departments: Morrow County Public Transit (320)

## Morrow County Public Transit (320)

Morrow County Public Transit (MCPT) historically has operated out of three funds; Fund 216, Fund 504, and the vehicle reserve Fund 225. MCPT is unique in that the operating and capital expenditures are funded by grants through State and Federal Grants.

In this budget, there has been change to the fund structure for this department. Fund 504: FTA Grant Fund was originally intended as a fund for the receipt and segregation of monies recieved through Federal programs. Although a segregated fund is typically a requirement of Federal Grants that are paid and received through 'up front' lump sum payments, this is not the way the Federal Grants that support MCPT operate. Rather, the Federal grants that MCPT receives funding from are reimbursement grants; this means that the County must expend the money initially and the apply for interim reimbursements from the grant programs. Therefore, there is no requirement to keep funds received as a reimbursement segregated from any other funds even though they come from a Federal program.

In addition, over time, Fund 504 began to support operating expenditures for MCPT. Since there is little to no fund balance until grant funds are received through reimbursements, often this fund will be negative for a substantial period of time (meaning requirements exceed resources). When this occurs it must be addressed through interfund loans, or, transfers from other funds.

In order to minimize this complexity and streamline processes, and, given that it is completely unnecessary at the present time for MCPT, in this budget, we have reflected the transfer of all fund assets and budget to Fund 216 which is the primary operating fund for MCPT which will be the only fund used for MCPT operations going forward.

Over the last year, we have implemented a grant accounting feature in our General Ledger that will allow us to track revenues and expenditures on a grant-by-grant basis. Utilization of this system to meet the compex grant account requirements of ODOT has been verified and is acceptable. This is one of the other factors that has enable to combination of funds in order to reduce complexity.

# FY2023-24 Adopted Budget Summary

Fund: Fair Fund (214), Fair Roof Reserve (236), Fair Improvement Fund (226)  
 Departments: Multiple

## Fair (214)

The Fair Department operates out of three funds; Fund 214 is the operating fund and there are two reserve funds (Fund 236 and Fund 226).

Largely, there were minimal changes to the operating budget. Revenues have been updated based on forecasts received and expenditures were updated to appropriate all funds less an appropriate amount for contingency and reserves.

The two reserve funds have just been updated to project beginning balances and reflect appropriates accordingly. During the prior fiscal year, the Fair Department received a grant in the amount of \$1M. This was posted as revenue to Fund 236: Fair Improvement Fund. The entirety the fund balance is budgeted as capital outlay without specific projects defined.

Typically the two reserve funds receive \$7,000 of additional funds from the Economic Development Fund (State Video Lottery). However, due to the significant grant award that was received for capital projects, that transfer was omitted from this budget.

# FY2023-24 Adopted Budget Summary

Fund: Rodeo (230), Bleacher Reserve (229)  
 Departments: N/A

## Rodeo Fund (230) & Bleacher Reserve Fund (229)

The Rodeo Fund (230), in recent years, has only been utilized to provide the Rodeo with a grant payment. The fund balance is zero, and, in order to make the payment, funds were first transferred from the Economic Development Fund into the Rodeo Fund and then the payment was posted from the Rodeo Fund.

Since the Rodeo is set up as its own 501c entity and is separate from the county, there is no need to maintain the Rodeo fund. The grant request that was received for FY2023-24 was included in this budget as a direct payment from the Economic Development fund.

The Bleacher Reserve Fund (229) holds money that is thought to belong to the Rodeo. This should not be included in the County's budget as a 'Governmental' fund if that is the case. Rather, if the County continues to hold this money, it should be designated as Fiduciary fund and not included as a County Fund. More work to clarify this relationship will be required in the near future.

# FY2023-24 Adopted Budget Summary

Fund: General Fund (101)  
 Department: Public Health (114)

## General Fund Department: Public Health (114)

Morrow County Health Department has been through many changes in the past 2 years.

We lost 5 full time employees and our Family Planning Provider within a 6 month window, at a time when we were trying to respond to the pressure that the COVID-19 global pandemic placed on Public Health. There have been several Health Department employees that have advanced to different positions to cover critical roles within the department. We had to place several of our programs on hold while we prioritized getting Morrow County Citizens Vaccinated, tested and conducted contact tracing.

Morrow County declared an emergency of high Nitrate levels in Drinking water in June of 2022. This involved Public Health and demanded a lot of time from our small department.

We were down to very minimal staff to conduct our day to day operations. This accounted for a decrease in the amount being paid out in payroll and benefits. Also, we had a decrease in the amount supply expenses as we were not running our Family Planning program. There was a decrease in the amount being spent on trainings, due to many trainings being offered virtually and the fact that we could not send a lot of staff because we needed them to cover Department functions.

We are now in the process of rebuilding our Department by hiring new Public Health Employees and resuming programs that were on hold.

We anticipate there will be extra expenses in the upcoming year with onboarding/training new staff members, resuming programs, and continued response to high nitrate levels in drinking water. The Clinic building in Boardman is also in need of many repairs/updates. We will be able to travel for trainings once again, so travel, lodging and meal expenses are expected to increase in the upcoming year.

# FY2023-24 Approved Budget Summary

Fund: General Fund (101)  
Department: Veterans Services (106)

## Veterans Services (106)

General Fund Dept 106 budgets and accounts for the County's Veterans activities. This Department is largely supported by state lottery funds through Oregon Department of Veterans Affairs (ODVA) in order to provide essential ongoing assistance for County Veterans Service programs across the state. Last fiscal year funding for Morrow County was \$81,736.24 (paid quarterly in the amount of \$20,434.06). Morrow County contributes the remaining funding for this department. As county budget timing is not aligned with the state, it's impossible to determine ODVA funding, however there is usually a slight increase from year to year. Additional outreach specific funding may be available by applying through ODVA, if available. (Suicide Awareness, Veteran Homelessness or other program focus). Traditionally, the funds are limited to an amount less than \$5,000.00. The \$4,000 noted on the budget proposal, is a place holder, should funds become available.

We continue to effectively manage an increasing caseload and provide accurate recordkeeping information, conduct established outreach efforts and explore new outreach opportunities.

### **Morrow County Veterans Services goals are aligned with State and Federal objectives:**

- Offer quality and timely service to Veterans and Veteran families.
- Increase services to Veterans and Veterans families.
- Increase the number of Veterans (and their families) served.

### **Department Overview**

Morrow County Veterans Services assists veterans of peacetime and wartime periods, each with unique concerns. Veterans disability claims vary in complexity, especially those that involve multiple medical issues. Our ageing veteran cases are often more complicated and require additional time to gather evidence, develop claim strategy and coordinate assistance. Substantial benefit changes can be confusing for veterans as well as private health care providers who serve veterans. VA laws and processes are being updated, including veterans benefits, claims adjudication, and VA Health Care operations and programs. Accurate information and timely services are vital to program success. COVID has brought many changes to all aspects of Veterans Services. A number professional contacts in key positions have retired, or moved on, creating challenges and opportunities. Veterans programs and benefits evolve as laws change. Operation of this department is largely driven by the Veterans Benefits Administration (VBA), Oregon Department of Veterans Affairs (ODVA), VA Health Administration (VHA) and National Cemetery Administration. Veterans Benefits Administration (VBA) is responsible for administering the department's programs that provide financial and other forms of assistance to veterans, their dependents, and survivors.

### **Training & Accreditation**

Oregon Department of Veterans Affairs (ODVA) provides Veterans Service Officer (VSO) and Office Administration support training and accreditation as well as funding. ODVA works with National Veterans Services Legal Services Program (NVLSP) for ongoing virtual trainings for Veterans Services Representatives (aka VSOs). ODVA Training consists of bi-monthly meetings, twice yearly regional trainings and an Annual

Statewide Conference (3 days). In addition ODVA works with NVLSP to provide training webinars, usually four per year. Annual and ongoing Federal training through VBA and VHA are held virtually or in person. Annual training and accreditation is also provided by (NACVSO) National Association of Veterans County Veterans Service Officers.

## Outreach

We work to increase VA benefit awareness through coordination with other agencies that provide services to veterans and veteran families. In 2019 we established a Community Resource Roundtable Partnership Network. We've held in person Round Table events before COVID, then virtually from 2020 to current. This network of community partners shares resource information, updates in programs and identified a need for the development of an "Emergency Resource Guide" for veterans, as well as the general public. The guide is available in English and Spanish. (updated annually). We utilize printed media, social media, and partner with Morrow County Transportation, Community Counselling Solutions and others to share information about Veterans benefits and resources. We annually send out a door to door mailer which results in increasing our contacts and caseload. We work with our community partners to sponsor Veterans meals at local senior centers, along with participation in annual community events such as the Heppner High School Veterans Day Program.

Current veterans as of 4/6/2023 is 741. An increase of 38 over 2022.

## Fund 220: Victim & Witness Advocate Fund

This fund pays for victim support for adult victims of crimes. It goes towards things like rent and emergency housing as well as gift/gas cards to help with travel expenses to and from court. It also pays for phone bills occasionally so victims can keep their cell phones paid up and operating which, in turn, helps us to stay in contact with them. In addition, it pays for trainings in various locations and all the travel and food expenses associated with these trainings.

100% of the Victim's Advocate salary and personnel expenses are covered by this grant.

Lastly, we sometimes have to pay for an interpreter for victim meetings. The grant does not cover for interpreters needed for Grand Jury, however. Those must be paid for out of the DA budget. Grant money cannot be used for prosecutorial functions.

## Fund 223: CAMI Grant Fund

The CAMI Grant funds two major components: our contract with Mt. Emily Safe Center and trainings related to Child Abuse. Mt. Emily Safe Center is a Child Advocacy Center in La Grande, OR where they do forensic interviews of children who have suffered various abuse. The CAMI Grant funds this investigative expense and is related to the Multidisciplinary Team (MDT) which is made up of professionals from DHS, law enforcement, school administrators, and counselors to name a few. We meet once a month to review cases of child abuse or suspected child abuse in our county. The DA office facilitates these meetings. The trainings are sometimes out of state and we may send multiple people from the MDT to a training, so it also covers food and lodging expenses.

There are a few other items the CAMI Grant funds. It covers a meal for a child victim when they go to Mt. Emily Safe Center and it also covers gas for the Victim Advocate vehicle when used to attend MDT meetings or transport children to Mt. Emily Safe Center.

## Fund 322: Court Security

Fund 322 - Court Security Fund accounts for funds directed to specific uses by the Oregon legislature (ORS 1.182 Court Facilities Security Accounts) for court security. Funding for the Court Security Fund is through distributions from the State Court Facilities and Security Account and through an allocation of fines and fees collected by the County Justice Court. The moneys and interest in the fund are reserved for the purpose of providing security in buildings that contain state court or justice court facilities.

# FY2023-24 Adopted Budget Summary

Fund: General Fund (101)  
Department: Finance (102)

## General Fund Department: Emergency Management (117)

General Fund Dept 117 budgets and accounts for the County's Emergency Management Department.

Emergency Management utilizes an all-hazard, county-wide approach to minimize the impact of natural and human-caused incidents. We identify hazards; develop emergency and mitigation plans; coordinate response activities and train incident personnel. We work with cities, community organizations, and regional partners to promote emergency preparedness and improve incident response.

Emergency Management protects communities by coordinating and integrating all activities necessary to build, sustain, and improve the capability to prevent, mitigate against, prepare for, respond to, and recover from threatened or actual natural disasters, acts of terrorism, or other man-made disasters.

The Priorities of Emergency Management are to:

- Protect Life
- Protect Property
- Protect the Environment

# FY2023-24 Adopted Budget Summary

Fund: General Fund (101), Bails & Fines (231)  
 Department: Justice Court (109)

## General Fund Department: Justice Court (109)

General Fund Dept 109 budgets and accounts for the County's Justice Court operations.

Justice courts have jurisdiction within their county, concurrent with the circuit court, in all criminal prosecutions, except felony trials. Actions at law in justice courts are conducted using the mode of proceeding and rules of evidence similar to those used in the circuit courts, except where otherwise specifically provided.

Justice courts have jurisdiction over traffic, boating, wildlife and other violations occurring in their county. Justices of the peace, can also perform weddings.

The justice court has small claims civil jurisdiction where the money or damages claimed do not exceed \$10,000, except in actions involving title to real property, false imprisonment, libel, slander or malicious prosecution.

# FY2023-24 Approved Budget Summary

Fund: General Fund (101), LPSCC (204)  
 Department: Juvenile (112)

## General Fund Department: Juvenile (112)

The goals of the Juvenile Department are to ensure public safety, reduce juvenile crime and provide skill building and education to our youth. The requested budget has been increased some to take into account cost of living increases as well as continued education for newer staff.

Continued education is important to make sure we are knowledgeable on current evidence-based practices and skill development.

### Summary of significant changes:

- Capital Outlay Request: \$50,000
  - Purchase of a new vehicle to replace the current 2013 Dodge Charger that is at end of life.
  - \$29,070 of funding coming from remaining funds in Fund 204 for youth services. Balance from General Funds.
- Fund 204 changes
  - With the transfer of funds to support the vehicle purchase for the Juvenile Department, the fund balance in 204 will be zero.
  - This budget proposes the continued use of that fund for the purposes of the Local Public Safety Coordinating Committee (LPSCC). Currently there is approximately \$22,000 in non-recurring funds that are in the general fund that were for the purpose of supporting the LPSCC. In addition, there are also State grant funds that are committed towards funding the LPSCC. Because the funds cannot all be expended in a fiscal year and they are for a dedicated purpose, Fund 204 will be designated as the LPSCC fund and this budget reflects the transfer of restricted funds from the General Fund so that they can be appropriate accounted for towards this specific purpose.
  - All expenditures budgeted in Fund 204 in this budget are to support the LPSCC

# FY2023-24 Approved Budget Summary

Fund: General Fund (101), Sheriff's Reserve (522), Forest Service Title III Fund (321), Emergency Dispatch Fund (207), Community Corrections Fund (510)  
 Departments: Sheriff (113)

## Sheriff's Department (113)

General Fund Dept 113 budgets and account for the Sheriff's operations.

The Sheriff's Department operates out of three funds. The General Fund (101) supports the operations of the Sheriff's Department, the Emergency Dispatch Fund (207) supports the operations of the dispatch center, and the Fund 510 support the operations of Community Corrections. The Sheriff's Department also has a reserve fund (522).

This Summary also includes Fund 321 which is the Forest Service Title III Fund. The revenues into this fund come from the the Federal Government through the Secure Rural Schools Act. A portion of the funding received through this legislation is designated as Title III which restricts the usage of these funds to services related to federal forest lands, such as search and rescue and wildfire protection. The balance has bee growing annually in this fund with little to no annual expenditures. For this budget, we are proposing the utilization of these funds to purchase a new search and resuce vehicle for the Sheriff's search and resuce program. This expenditure will be subject to the approval of the SRS Title III area administrator, however, there is a limited amount of time that the County has to spend these funds or else they will need to be returned to the Federal Government.

## Summary of significant changes:

- General Fund:
  - Increase in contract costs with Umatilla County for Jail room and board, this is an 84% increase over the prior years budget and is based on the new contracted per-bed cost. The total increase is \$321k for a total of \$701k.
    - This increase of partially offset by other reductions in the Sheriff's Department budget resulting in a net overall increase in Materials and Services of \$481k.
  - Personnel services is projected to increase by \$544k for a total increase of 15%. This is being driven by the newly approved positions as well as the estimated impacts of the change in the compensation structure and pay rates. This is in support of the goal to fill open positions and stabilize, and hopefully reduce, the County's rate of employee turnover.
  - Capital Outlay is budgeted at an increase of \$142k over the prior year's budget. This reflects an overall increase in cost for vehicle purchases and the outfitting that is required to place the vehicles in service. The vehicle purchases included in the budget represent normal scheduled vehicle replacements as well as additional vehicles for the new Deputy positions.

# FY2023-24 Approved Budget Summary

Fund: General Fund (205)  
 Departments: General Maintenance (250)

## Airport (250)

### Goals:

- To create an economic impact for a small airport.
- Ease of access for pilots and visitors
- Attract business and commerce.

Morrow County Airport in Lexington is owned and operated by Morrow County. There is an Automated Weather Observation System. 4300-foot main runway which will accommodate most intermediate size aircraft.

Infrastructure and air connectivity has a positive correlation with economic growth. Courtesy car availability and future infrastructure feasibility study for development. Feasibility study conducted couple years ago, which was a huge help in helping of the development of hangers, UAS activity and Mechanic and technical ability or access. Economic growth is important and to conduct a study on this process was a vast influence on getting the correct development for the area. With the help of this study it made it apparent that it is requested and needed.

The airport has been a base for agricultural spraying operators for many years, in addition to accommodating general aviation, business, Medical and charter activities. The airport currently accommodates locally based single engine aircraft, including two turbine powered agricultural aircraft. In addition to local aircraft, the airport accommodates intermediate general aviation, business aviation, including turboprop, business jet and helicopter operations. Morrow County has been owner of the airport since 1960.

# FY2023-24 Adopted Budget Summary

Fund: General Fund (101)  
 Departments: Administration (120)

## Public Works Administration (120)

General Fund Dept 120 budgets and accounts for Public Works Administration. This is the centralized administrative overhead department for the Public Works departments listed below:

- Road
- Parks
- General Maintenance
- Airport
- North and South Transfer Stations
- Weeds

This includes Supplies purchased and small equipment for staff and operations to operate these departments. Beginning in FY2023-24 we are updating the distribution of labor for the Public Works Administrative positions. On review of the previous labor distributions for this department, it was determined that the distribution was not well correlated with the actual activity devoted to each of the Public Works functions.

## Summary of significant changes:

- Capital Outlay: \$33,500
  - This is a planned capital expenditure for building improvements to expand the shop storage area.

# FY2023-24 Approved Budget Summary

Fund: Road Fund (202), Road Equipment Reserve (201), Finley Butte Road Fund (203)  
 Departments: Road Department (220)

## Road Department (220)

### The Road Department Mission Statement:

*It is the intention of the Morrow County Road Department to maintain all Morrow County roads as the safest and most efficient routes of travel possible. We will at all times be good stewards of the tax payer's dollars. We will always attempt to serve the public with a courteous and helpful attitude. We will constantly strive to improve our work and maintain an efficient operation. We will maintain a work ethic which will advertise our County in a good light and give a positive image to everyone. We will consider the road in front of everyone's home as important as the road in front of our home. We will always work with other departments for the common good. We will not prioritize needs by personal prejudice or self-motivation. But rather by sound decision making from available facts and resources.*

In the Road Fund Budget you will see that some expenditures have fluctuated significantly. This is due to:

- Changes in mode of operation to increase our efficiencies that will provide additional miles of paving each year
- Reallocating funds to the correct general ledger lines to achieve proper budgeting
- Reduction in contract services as a result of changes in our mode of operation
- Additional fund requests in response to inflation, major increases in education costs due to new requirements in obtaining Commercial Driver's Licenses
- Increases in surveying costs in preparation for Capital Improvement Projects.

The Road Department operates out of three funds; Fund 202 is the main operating fund, Fund 201 is the Road Equipment Reserve Fund and Fund 203 is the Finley Buttes Road Fund. Expenditures out of Fund 203 are restricted to the maintenance of a specific section of the road between the interstate and Finley Buttes landfill. Revenue into this fund comes from fees paid by Finley Butte Landfill.

### Summary of Significant Changes & Capital Projects:

- Allocation of significant resources to fund road capital improvement projects: \$2.5M
- Establishment of a reserve in Fund 202 for the purposes of accumulating sufficient reserves to implement a more robust repair and improvement plan for County bridges: \$500,000

### Summary of significant changes:

In the table to the right, there is a listing of the planned capital expenditures for the coming fiscal year. Represented on this list are three pieces of equipment that were budgeted for in the current fiscal year but we have learned that due to the long lead times the delivery date of the equipment will not occur until after the beginning of the next fiscal year so these amounts had to carry over. The two pieces of equipment are the plow and the paver.

Equipment	Capital Expenditure
2023 Cat 305 Mini Excavator	\$ 105,000
Grader	480,000
Plow; already ordered not delivered; carry forward	31,000
Paver; already ordered, delayed until September; carry forward.	507,800

# FY2023-24 Approved Budget Summary

Fund: General Fund (101)  
 Departments: Transfer Stations (122 & 123)

## Transfer Stations (122 & 123)

**General Fund Dept 122 accounts for the North Transfer Station operations.**

**General Fund Dept 123 accounts for the Solid Waste Transfer Station operations.**

The State is putting a little more strategic certification/permitting on the waste shed of Morrow County. From commercial collection to our recycling centers to our environmentally sound landfills and transfer stations. They all need to meet standards set by the State. Owned steel containers are showing age and rust, after buying two additional in rotation helps with the ageing units. Increased line item for disposal fees to be in line with prior year expenditures.

### Summary of significant changes:

- Annual expenditures for each Transfer Station are covered by transfers from Finley Buttes License Fees
- Household Hazardous Waste Event is reflected in this budget with the total cost divided between the two departments: \$7,900

# FY2023-24 Adopted Budget Summary

Fund: General Fund (101), Weed Equipment Capital Reserve (224)  
 Departments: Weed (128)

## Weed (128)

General Fund Dept. 128 budgets and accounts for the Weed Department operations.

Budget Proposals for this year are increased due to stagnate weed management and lack of adequate funding from years past. These increases are to combat the poor roadside conditions in road right of ways, over burdened workload, increased collaboration with the public and other government agencies, efforts in data basing for more government transparency, implementing data for tracking of Noxious weeds, more accurate record keeping and for cost shaving on man hours to name a few.

There is a weed problem in Morrow County and we are currently out of compliance with ORS 569.355 (Counties to control Noxious Weeds) and ORS 569.395 (Eradication of Weeds on Public Rights of Ways). Gilliam, Umatilla, Grant, Union and Wallow Counties have two to three applicators to maintain compliance and Morrow County is trying to catch up by adding one more spray apparatus and a part time applicator. In addition to that you are seeing increases for Software, mapping and record keeping technologies that are more and more becoming industry standards.

## Summary of significant changes:

- Fund 224: Weed Equipment Reserve:
  - Acquisition of a spray truck: \$210,000

# FY2023-24 Approved Budget Summary

Fund: Debt Service Fund (246)

## Debt Service Fund (246)

This budget reflects the creation and utilization of a debt service fund for the purpose of maintaining a reserve balance to ensure that the County debt service obligations are met.

### Existing Debt Obligations

Morrow County currently has one outstanding loan with Zion's Bank. The purpose of this loan was to finance the construction of the Morrow County Government Center building in Irrigon (North End Building). The closing date on this loan was February 26, 2021 and with a 15 year term, the maturity date is February 15, 2036. The interest arate for the loan is 1.79% fixed based on a 30/360-day year. This loan may be prepaid anytime at par plus accrued interest with 30 days prior written notice.

### Fund Strategy

In order to ensure the County's ability to meet future debt service obligations, the requirements of this fund are comprised of the following:

- Current fiscal year debt service requirements budgeted as expenditures during the fiscal year
- 50% - 100% of the following year's debt service requirements budgeted as 'Reserved for Future Expenditures'.  
The goal is to hold one full year of debt service requirements in reserve; however, this may be reduced due to current projected available resources.
