### Letter of Support

Morrow County Veterans Services fully supports the application for the Rural Veterans Healthcare Transportation Grant.

Veterans Services and The Loop have a very successful working relationship to provide services for our vulnerable population of veterans in a highly rural area of Eastern Oregon. Our office has assisted veterans to access and coordinate transportation and healthcare through The Loop. Additionally, we've worked together on outreach efforts to veterans, and through this cooperative effort have seen an increase in the veterans and veteran families we serve.

Thank you for this opportunity to support the further enhancement of veterans transportation to our area.

Best regards,

Linda Skendzel, CVSO
