

T3N R23E W.M.
MORROW COUNTY

SCALE 1"=200'

Narrative: This survey was performed at the request of Mr. Randy Hirano of TAGGARES FARMS Inc. The pins set delineate the boundaries of a permit issued to Tagarres Farms by the Morrow County Planning Dept. This permit is FARM AGRICULTURAL BUILDING EXEMPTION CERTIFICATE No. 631 issued 4-26-95.

For additional information concerning this survey see sheet one of this plat.

Basis of Bearings

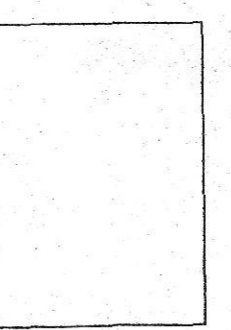

Bearings were determined by first determining the Oregon State Plane Coordinate (NAD83) for all the corners. Grid bearings and distances were determined from these coordinates. The bearings were rotated 0°17'02" clockwise to give the bearings shown on this plat. The grid distances were multiplied by 1.00008411272 to give the distances shown on this plat.
