

**NARRATIVE:**

The purpose of this survey is to stake the right of way at the Northeast corner of the intersection of Third Street W. and S. Main Avenue so the irrigation district can determine where to locate their pump station. I retraced Tamblin's 1935 plat of Section 24 which is the same as Worthington's 1906 plat, to establish the East right of way line of Third Street and the centerline of the abandoned railroad tracks which is now the North line of South Main Street. I used monuments found and set in Krumbain's 1983 survey of Section 24 for Morrow County.

**LEGEND:**

- Found monument as noted.
- Set 5/8" x 30" rebar with plastic cap #951.
- (000) of Record. Plat of "GREENWOOD ESTATES" by Lagier.
- [000] of Record. Tamblin's 1935 Plat of Subdivision of Part of Section 24.
