

ESTABLISHMENT OF THE WEST  $\frac{1}{4}$  CORNER

OF SECTION 26, T. 1 N. R. 27 E. W. M.

Found the Northwest and Southwest corners of Section 26 as described by Turners survey. At this time I was not aware of his survey and established witness corners for the westvone quarter as follows;

Southeast from the corner 53.4 links set a wagon skein box on the bank of the creek

Southwest from the corner set another wagon skein box on the bank of the creek 55.9 links from the corner.

June 13, 1935

H. Tamblyn

County Surveyor.
